Kerhonkson Passes \$350,000 Bond Issue To Modernize School

**Proposition Is Carried by 89 Per Cent;
More Begun by Lions in February;
Two Additions Planned at North
and South of Present School**

Voters of Union Free School District No. 1, Kerhonkson, at a special meeting Tuesday evening voted a \$350,000 bond issue to modernize the present school building and for additions which will house additional facilities designed to make the school plant one of the most modern and up-to-date in the rural area.

The proposition was carried by 89 per cent of the votes cast, the vote being 215 for the proposition, 20 against and there were six void ballots. The voting was conducted in one hour.

The vote brings to a culmination a plan proposed at the February meeting of the Kerhonkson Lions Club to modernize and expand the facilities of the school. At that time the Lions Club members

Chicago, April 29 (AP)—Federal conciliators came here from Washington today to make a final attempt to avert a nationwide railroad strike called for May 11 by two operating brotherhoods.

Representatives of the carriers and three operating unions involved in a lengthy wage dispute were summoned to a meeting by Chairman Frank Douglass of the National Railway Mediation Board.

The official strike notice was announced yesterday by the Brotherhood of Locomotive Firemen and Engineers and the Switchmen's Union of America. The walkout, which would cripple the nation's 225,000-mile railroad system, was set for 6 a. m., a week from next Tuesday.

The Brotherhood of Locomotive Engineers, the third operating union seeking a 30 per cent wage increase with a minimum hike of \$3 a day, and changes in working rules, did not join in the strike notice.

A spokesman said his union has "not made up its mind if and when a strike date will be set." He added it was his union's understanding that each brotherhood could act independently.

Wage negotiations between the carriers and the three brotherhoods, representing about 150,000 members, collapsed Tuesday night. The unions had announced a strike call would be issued yesterday.

New York, April 29 (AP)—A month-long strike against the New York Stock Exchange, marked by numerous disturbances and one major clash, ended today.

United Financial Employees (A.F.E.) voted at a special meeting to return to work and accept the Exchange's offer of wage increases pending a city investigation of that one remaining issue.

M. David Keefe, union president, announced that it was expected employees would return to work today. He said the vote to return was by a show of hands and a majority of the workers voted for it.

The union originally asked increases of \$9 for employees earning less than \$40 weekly and \$15 for those earning more. Later it scaled this down to \$6 and \$10.

Anti-Communist Measure Hits Blockade in House

Washington, April 29 (AP)—A bill putting it up to Reds to change their color or face fines and jail terms hit a temporary blockade in the House today.

Backers wanted to get the anti-Communist measure passed next week. Rep. Mundt (R-S.D.) claimed support of "an overwhelming majority for this telling blow against the forces of subversion in America."

But Speaker Martin (R-Mass.) told a reporter bills appropriating money for several government agencies must come first. So the House may not vote until the second week in May. After that it will be up to the Senate to act.

The anti-Red bill was okayed yesterday by the House Un-American Activities Committee. Into it went parts of a bill introduced by Mundt, plus a lot of ideas

THOMAS F. SACCOMAN

Attorney General Nathaniel L. Goldstein today announced the appointment of Assistant Attorney General Herman M. Harecourt as chief of the Habeas Corpus Bureau in the Department of Law at Albany.

Thurcourt, a member of the department since October 27, 1943, succeeds to the post formerly held by Assistant Attorney General Patrick H. Clune who retired April 1 after 38 years of service.

To fill the regular complement of the Habeas Corpus Bureau, Attorney General Goldstein has appointed Thomas F. Saccoman, an assistant attorney general, to the post.

Assistant Attorney General Harecourt, who was born May 30, 1894, at Wappingers Falls, Dutchess county, holds the degree of Bachelor of Philosophy from Brown University. His study of law was interrupted at the beginning of the First World War when he entered the United States Army in April, 1917.

Following his service, during which he was decorated with the Distinguished Service Cross, he was admitted to the bar in New York.

of Wife, 61**

Oneonta, N. Y., April 29 (AP)—A mystery woman was held today as a material witness in connection with the first degree murder charge against a retired New York city architectural designer in the rifle shooting of his wife.

The woman was identified as Mrs. Ella Opperman, about 50, of New York city.

She was held in \$15,000 bail late yesterday by Otsego County Surrogate Livingston S. Latham shortly after Edwin W. Crumley, Sr., 63, had been arraigned before Coroner Norman W. Getman, an examining magistrate, on a charge of first degree murder.

District Attorney Frederick W. Loomis declined to say why Mrs. Opperman was held as a material witness. Unable to post bond she is being detained in New York city because of inadequate facilities at the Otsego county jail.

Held for Murder

Oneonta, N. Y., April 29 (AP)—Edwin W. Crumley, Sr., 63, a retired New York city architectural designer, faced a first degree murder charge today in the shooting of his wife.

Mrs. Mary Crumley, 61, was found dead in bed last Friday at the family farm, near Morris.

A son, Edwin, Jr., 38, remained in custody under \$10,000 bail as a material witness.

The son testified at an inquest, District Attorney Frederick W. Loomis said, that his father had pressed a rifle to his back as he telephoned for aid after discovering his mother's body.

Officials, meanwhile, declined comment on a report that a 50-year-old New York city woman also had been detained as a possible material witness.

Both Crumleys were taken into custody Saturday as material witnesses.

The father was accused of murder yesterday in a warrant signed by Coroner Norman W. Getman. Crumley was arraigned last night before Getman as an examining magistrate.

Getman gave Crumley's counsel permission to examine inquest testimony and ordered a hearing Tuesday at which state witnesses may be cross-examined.

District Attorney Loomis, in a statement read to reporters following the arraignment, said the older Crumley seemed to have what the prosecutor termed a "compelling motive" to commit the crime. But Loomis declined to state what he considered the motive.

Crumley retired after 29 years as an architectural designer with a New York city firm. He bought the Otsego county farm 13 years ago.

**Campaign Will Extend
Into May to Reach
\$14,000; Some
Workers Praised**

Although Chairman Eugene B. Carey of the Ulster county cancer drive praised the efforts of some workers for solicitations obtained to date, he indicated at a meeting this week that an added push is needed to reach the quota of \$14,000.

Oliver J. Lawatsch, treasurer of the drive, in his latest official report stated that \$1,913.90 has been collected to date. The county must raise \$12,086.10 more to reach its goal in the campaign which will be extended beyond the April closing date into the month of May.

In calling for an all out drive on cancer, one of the nation's deadliest diseases, Chairman Carey stressed the importance of meeting the county's \$14,000 figure so that the medical profession may be in a favorable position to have requests granted for medical equipment in the new tumor clinic from the New York Division of the American Cancer Society.

Even Doctors Slow

Among those who gave reports at the meeting was Dr. Francis E. O'Connor, who commented on the results of the letter sent to those of the medical profession. He pointed out that only about 25 per cent had responded to the appeal and of those responding, four local doctors had contributed half of the total amount received from that group.

Other chairmen of divisions in the campaign, besides Dr. O'Connor, who is head of that taking in all physicians, are County Judge John M. Cusack, legal profession; John A. Hahmacker, realtors; Sam

Pledges**

Jerusalem, April 29 (AP)—The British struck with artillery and diving planes today at the battered Manshieh quarter of Jaffa, which Irgun Zvai Leumi captured yesterday after four days fighting with the Arabs.

The promised British counter-attack developed as officials of Egypt and Iraq said large parts of their armies were moving on Palestine.

Sharp skirmishing occurred in the Jordan river valley opposite Trans-Jordan.

The Jews claimed capture of Beisan, 15 miles south of the Sea of Galilee. Beisan is a way station for Arabs filtering in from the east for the battle over partition.

The Arab Legion informed King Abdullah in Amman it had occupied Geshur, a Jewish collective settlement in the Jordan valley, and killed hundreds of Jews. The Legion said the fight started Tuesday night when Jews killed a Legion soldier inside Trans-Jordan territory.

Egyptian Communications Minister Dessouki Abaza Pasha said in Cairo large Egyptian army forces had been sent to the southern border of Palestine. Regent Abdul Ilah of Iraq said he had started moving toward Palestine and would pass through Trans-Jordan.

Fusiliers Are Used

The British rushed in a battalion of Irish Fusiliers to support their pledge not to permit the Jews to occupy Jaffa. The Arab port adjoining all-Jewish Tel Aviv.

The reinforcements brought the British force available to about 3,000 men.

As far as was known, Irgun appeared determined to try and hold the Arab quarter. Throughout the night, Iraqi forces came into the area, positions and brought up fresh troops.

British shells fell in the Manshieh quarter. Early damage and casualties were reported small.

The news of a cease fire order for the old walled city of Jerusalem was received here with optimism. Neither the Jews nor the Arabs, however, had received instructions by early afternoon to cease fighting, as their spokesmen agreed before the United Nations.

No Word of Truce

An Arab National Committee spokesman said he had no word from his leaders about the truce. A Jewish agency spokesman said the same, but added:

"If there is a truce, it must mean the Jews and Arabs can walk about freely in each other's quarters and the Jews would have access to the old walled city. At present, all areas around it are held by Arabs. A truce inside the walled area will have to mean access to it through the Arab controlled sections."

Jewish reports to Jerusalem were that the Jewish Militia Hagannah routed Arabs in a five-hour battle today and took a police station near Samakh which the Arabs had occupied. Samakh is at the southern tip of the Sea of Galilee.

Down the river valley almost halfway to Beisan, the same reports continued, Hagannah also occupied Jisr Al Majami police post and Teggart police fortress, evacuated by the British, near Geshur.

The Jewish press charged that Arab Legionnaires coming from Trans-Jordan joined other armed Arabs in yesterday's attack on the Jewish collective settlement of Geshur, but there was no official confirmation.

South of River

Geshur is just south of a Jordan River power station owned and operated by the Jews. One Jew was reported killed and nine wounded in the attack on the settlement.

Official sources said yesterday's casualties in Jaffa included 10

'Skate Is Snow Plow,' British Scientist Says

By News Features
London—A scientist has a new explanation of why skating is so easy.

A skate is a snow plow that cuts its way through the ice. The old theory was that the skate blade warmed up due to friction and melted its way along. This is known as the phenomenon of "regelation," the melting and refreezing of ice under pressure.

The scientist, A. E. Bell, in a letter to Nature magazine, said that regelation couldn't be the last word. According to his formula melting accounts for only one eighth of the amount of ice actually displaced. The rest must give way somehow. "It looks," he

concluded, "very much more likely that the skate makes its track in the ice through plastic deformation of the solid rather than that melting plays any great part."

Soviet Boy War Hero Now Attends Officer's School

Moscow, UP—The magazine Prud reports that a 13-year-old boy who served three years at the

front is now preparing to be a Soviet army officer at a Suworov school. The lad, Serezhka Aleshkin, was six when the Germans hanged his mother and burned his native village, the magazine said. He fled to the woods and was found and

adopted by Soviet army men. He became a hero when the German artillery hit his commander's observation point. He ran to the scene, dug out the commander who was still alive and brought help. He was awarded the medal for "battle services."

His teacher reported that he had a hard time getting used to the fact that he, in spite of his medals, was just one among equals. In the United States, 16 persons are burned to death daily, and a home burns every other minute.

state Republicans at Trenton. He spoke on foreign affairs at Princeton last night.

Two other top contenders, Gov. Thomas E. Dewey and Senator Robert A. Taft, will make their bids for the New Jersey vote next month.

Taft, meanwhile, continued a speaking tour in his home state of Ohio, where he and Stassen will campaign in the May 4 primary. As yet, the senator has had no comment on the Pennsylvania popularity contest, in which he placed fifth in a field led by Stassen.

However, Taft gained unofficial support in Delaware. A newspaper poll of the nine undecided delegates showed four favoring Taft and one said he was for House Speaker Martin (R-Mass.), one for Senator Arthur Vandenberg (R-Mich.), another spoke up for Stassen and two were undecided.

Like Taft, Henry A. Wallace, the third party candidate, pressed his campaign on home grounds. In La Crosse, Iowa, anti-Communism was the theme of his campaign. Wallace described as "non-sense" a charge by C.I.O. President Philip Murray at Atlantic City that the "Communist party"

Fire Board Considers Longer Vacation Periods

Fire Chief Joseph L. Murphy today verified a report that the Board of Fire Commissioners is considering increased vacation periods for officers of the Kingston Fire Department, including the chief, deputy chiefs and captains, but added that no definite action has been taken as yet.

Chief Murphy told The Freeman that the next regular meeting of the board would be held Tuesday, May 25, at which time the vacation extensions may be discussed further.

According to the report, 21-day periods and vacations are being considered to replace the regular 15-day period now granted every member of the department. Both officers and men are given these 15-day vacations.

Change of Name Hits Snag When A.M.G. Takes Issue

Berlin, April 29 (AP)—A Russian plan to change the name of the Communist party in Germany's occupation zones headed for trouble today.

Die Welt, the official Soviet newspaper, announced this morning the Communist party in the U. S., British and French zones would be renamed the Socialist People's party.

It said the change was made "to bring the name of the party into harmony with the new policy developed since 1945." A Communist party statement said: "The party today leads the fight not only for the interests of the German workers but for the interests of the German people."

An American military government political official took issue with the statement and predicted the occupation authorities would bar it. "To change its name in the American zone, a party must receive A.M.G. authorization."

"When the Communists apply to us for such sanction," he said, "we shall point out to them they are making an unwarranted and deceitful claim when they say they represent the interests of the entire German people."

"Apparently they are trying to hide under another cloak because communism under its right name has not been able to make any progress in western Germany. Why should we now let them get rid of a name they are ashamed of?"

The United States and Britain protested last night that in the Soviet zone the Russians are permitting the Nazi party to reform under another name—the National Democratic party. This group has been licensed to operate in the Soviet zone, an American official said, but has not been licensed by the four powers in Berlin. Allied Control Authority has banned formation of any Nazi political group.

The protest was made at a meeting of the deputy commanders of the Allied Kommandantura.

Socialists Spurn General

Paris, April 29 (AP)—French Socialists turned a cold shoulder today to Gen. Charles de Gaulle and to the Communists. The party's national council adopted a motion of "categorical and definite refusal" to recent de Gaulle proposals for an entente with the parties in the present coalition government. It also rejected renewed Communist offers of political cooperation. The Socialists are in the government, the de Gaulle and the Communists are not.

May Tie Up Funds

Washington, April 29 (AP)—The fight between Congress and the White House over the loyalty files of Dr. Edward U. Condon threatens to tie up funds for the State, Commerce and Justice Departments. The money, to finance the three big agencies during the year starting July 1, is carried in a single bill passed by both House and Senate but in slightly different form. That means a conference committee will have to try for a compromise.

outlaw the Communist party as a secret, conspiratorial organization.

Nixon said a provision for exposing party members should be "very effective." It requires the party to register annually with the Justice Department and supply a list of members.

The plan, Nixon said, is patterned on a New York state law aimed at registering the Ku Klux Klan. He said the Supreme Court upheld this law in 1925.

False registration or failure to register could be punished by five years in jail and a fine of \$5,000.

Furthermore, Nixon said, if the party chose not to register and to keep its present set-up, individual members could be punished if they had "reasonable grounds for knowing or believing that it is a Communist political organization."

Communist fronts would have to register every year, too. But they would not have to file membership lists.

Two Million Men Enough, Says 'Brass'

Washington, April 29 (AP)—

The high command, working with foreign policy framers, think two million men are enough for defense—that more might be viewed abroad as a move toward aggressive war.

The joint chiefs of staff, it was learned today, used such a diplomatic yardstick to help measure the size of the recommended peacetime military establishment.

The joint chiefs' organization is composed of the military heads of the army, navy and air force, plus Adm. William D. Leahy, the chief of staff to the President. They constitute an advisory group to Secretary of Defense Forrestal.

Pension Paper Work Begun for Miners

Washington, April 29 (AP)—The paper work involved in starting \$100-a-month pension checks rolling to retired coal miners got under way today.

But John L. Lewis admitted it will be "several weeks" before actual payments under the recent strike settlement terms can be put into the mails.

Lewis and Senator Bridges (R-N. H.), the neutral member of the three-man board of trustees handling the pension money, starting things moving at a meeting late yesterday.

The third member, Operator Ezra Van Horn of Cleveland, objected but was outvoted. He promised a statement today, perhaps dealing with possible new court action to block any withdrawals from the fund, now grown to \$34,060,000.

Communists Are Snubbed In Europe on May Day Plans

London, April 29 (AP)—The Communists will have to celebrate May Day on their own this year in most of western Europe's democratic capitals.

Socialists and moderate labor groups are giving the Communists the cold shoulder as never before in planning for the traditional labor celebration Saturday.

May Day was established as an international labor holiday in 1890 at a Socialist Congress in Paris. In most countries it has become Labor Day. The Russians have made it a national holiday, and this year they plan one of their biggest celebrations in Moscow.

Huge pictures of Lenin, Stalin and other Bolshevik leaders have been placed on buildings, and the city is going all-out in decorations. The Russians are combining celebrations, since May 1 is the third anniversary of the entrance of Russian troops into Berlin.

In western Europe, however, the Communists generally find themselves snubbed.

Dual celebrations, in some cases for the first time, were called by Communists and non-Communists in London, Oslo, Paris, Berlin, Amsterdam, Brussels and Copenhagen.

Even in Finland, which recently concluded a mutual assistance pact with Russia, Social Democrats and Communists called for separate rallies in Helsinki and some other communities.

Finland Communists adopted as their May Day slogan: "Freedom, democracy, peace, friendship with the Soviet Union which will guarantee peace to Finland, a collective fight to crush the powers of capitalism and finally, land to all those who need it."

The Social Democrat slogan: "Democracy."

Police throughout Europe, with the possible exception of Italy and Trieste, took a calm view of the coming celebrations. In prior years May Day has often led to sharp disorders.

Italian troops and police were ready for possible trouble, especially in industrial Milan and along the Yugoslav border. There were reports of hidden arms in Milan, and police seized some in a raid on a Milan suburb. Communists and left-wing elements in Rome said only an orderly observance was planned throughout the nation.

The allied military government in the free territory of Trieste closed ten blockposts and restricted travel in six more, as reports

came in.

Car Driver's Sneeze Has Various Results

Los Angeles, April 29 (AP)—Mrs. Elsie A. Halprin sneezed. And what a sneeze! The police said it had three horrendous consequences:
She lost control of her car. It hit a parked automobile. That one bounced 25 feet into another.
Mrs. Halprin, 35, suffering a knee fracture, lip laceration and possible rib fractures, was taken to a receiving hospital. Then a private ambulance summoned to take her to another hospital collided with a car. Attendant John P. Funk, 25, suffered minor injuries. The ambulance was disabled.
Another ambulance transported Mrs. Halprin safely. Only then did the policeman find time to say "gesundheit."

Robert Case, Manager
Broadway Theatre
Kingston, New York
Dear Mr. Case:

I enjoyed the film "By Jupiter" which you showed at the meeting of the Bard College Plan for Small Business at the Kingston High School last Wednesday night. It was too bad that time did not permit you to show the other one.

The idea of promoting interest in good public relations in any community is a splendid thing and you should be commended for being active in this promotion for Kingston.

I know you know that good public relations are not snarls or grins but rather a genuine desire to be of service to others. That good public relations are not empty smiles but real efforts to be congenial. If your "courtesy" program stimulates thoughtfulness along these lines then it cannot help but be of great value to Kingston and to everyone and to every other community that tries it.

My best wishes for a successful "Courtesy Is Contagious" program.

Sincerely,
W. DALE SWARTZMILLER

Four Men Go on Spree Of Robbing Taverns

New York, April 29 (AP)—Four young men with a flair for doing the unusual went on a screw-ball stickup spree early today.

They warmed up for the theatricals by taking \$233 in routine fashion from a tavern owner in Ozone Park, Queens.

Proceeding to another tavern in the neighborhood, they relieved the bartender and two customers of \$99. Then one of the bandits tossed \$1 on the bar and ordered drinks all around.

The bartender drew beers for the victims, but they were too nervous to drink.

The bandits tossed off whiskeys with beer chasers, smashed the beer glasses as a farewell gesture and walked out.

Then their troubles started. They walked into a third tavern, where two off-duty policemen, who never had been standing at the door, circled them.

One cop, shooting it out with the bandit leader, was wounded in a hand. The two policemen trapped one of the quartet behind the bar, as two others fled.

The driver, who had waited in the others' car, heard the shots and sped away alone. He side-swiped another car and eluded it in a half-mile chase.

He turned back into the neighborhood of the stickups and crashed into a tree at high speed, breaking a leg and his nose and was arrested.

The injured bandit and the wounded patrolman, Walter Hussey, 47, were taken to Queens General Hospital.

The other policeman, Gerald Kinsella, 39, drew his gun during the stickup in Brown's Locust Grove in Ozone Park, but was unable to fire because of the position of the customers.

The first holdup was at the Four Aces and the second at the Castle Inn, Ozone Park. All three jobs were between 1:05 and 1:30 a. m.

Penn May Be Key

Towleburg, Pa., April 29 (AP)—It was still anybody's guess today as to what effect Tuesday's presidential write-in vote will have on the Pennsylvania delegation at the Republican National Convention. Gov. James H. Duff, head of the 73-man delegation, said the balloting will have no effect. But Harold E. Stassen, victor in the popularity contest, insists the Pennsylvania result "may turn out to be a key event in the nomination."

have called a strike represent only a small number of the country's 1,350,000 railroad workers—including 350,000 operating employees—they are regarded as the key operating men. The engineers and another operating union struck for two days in May, 1946, and service was disrupted throughout the country.

The unions presented their demands for pay hikes and changes in working rules last Oct. 7 and since then all procedure under the Railway Labor Act was followed. The "brotherhoods are not bound by the Taft-Hartley Act and the government cannot go into court for an injunction as it did in the recent soft coal strike.

However, a presidential fact-finding board studied the dispute and recommended a pay raise of 15½ cents an hour and changes in some working rules. The proposals were accepted by the carriers and rejected by the unions. The wage boost turned down by the three unions was accepted last fall by two other operating and 16 nonoperating brotherhoods.

Miles D. Kennedy Will Speak Here At Saturday Rally

It was announced today by General Chairman John R. Mayone of the Americanism Rally scheduled for Saturday night at the municipal auditorium that one of the featured speakers would be Miles D. Kennedy, past New York State Department commander of the American Legion.

The rally, sponsored by the Ulster County American Legion, in an effort to combat Communism, will start at 7 o'clock and it is anticipated that the auditorium will be crowded to capacity for the event which Chairman Mayone and a committee has been planning for several weeks.

Past Legion Commander Kennedy is noted as one of the severest enemies of Communism in the United States and demonstrated how he gained this reputation by a dynamic speech given at a State Department Commander's dinner in the Governor Clinton Hotel in 1946.

Mr. Kennedy will be accompanied to Kingston by Arthur E. Brundage, another past New York State Department commander, and R. H. Barr of Newburgh, a veteran of the 27th Division, World War I, and Americanism chairman of the 9th District, New York State Department, American Legion. All three of the Legionnaires are recognized as excellent orators well versed in the subject they will discuss.

Other speakers will be the Rev. J. Dean Dykstra, pastor of the Fair Street Reformed Church; Rabbi Frank D. Polke, of Congregation Ahavath Israel, and County Attorney Fred Stang.

The rally will open at 7 o'clock with patriotic music played by Kingston High School Band.

Robbers Treat in Bar

New York, April 29 (AP)—Four men held up an Ozone Park, Queens bar today, took money from the bartender and three patrons, bought each a drink, paid the bartender and fled. Two of the four later were captured when they tried to shoot it out with two off-duty policemen who foiled their attempt to hold up another tavern. One of the patrolmen was wounded.

New Harness Tracks

Three new harness racing tracks located near large cities will make debuts this year. They are Fairmount Park, across the river from St. Louis and Laurel Raceway and Ocean Downs, both in the Baltimore-Washington, D. C. area.

Uncle Sam Now Offers Aid to German Cupid

Is a German—especially a marriageable woman—can have these

days is relatives in the United States. "The good uncle in America" has become a famed figure despite incessant propaganda in the Russian-controlled press which attempts to portray America as greedy and monopolistic. Perhaps the biggest factor in

the "good uncle's" reputation is the flow of parcel post gift relief packages. These come in at the rate of about 1,500,000 per month, exclusive of tens of thousands of CARE food packages. Also thousands of tons of food are pur-

chased with American and British tax monies. Recently the "good uncle" has appeared in marriage offers advertisements. Husband-seeking women list with their charms and assets "have relatives in the United States."

Assistant Is Ill

Albany, N. Y., April 29 (AP)—James C. Hagerty, executive assistant to Governor Dewey, is ill with a streptococcus throat infection and will not accompany

Dewey tomorrow on his presidential campaign trip to Oregon. Hagerty hopes to join the governor before he ends what is expected to be a two or three weeks tour of the Pacific Northwest. The governor will fly to Portland from New York city tomorrow night.

Irish Cagers Shine

Chicago (AP)—Proving their efficiency in basketball as well as in football, Notre Dame has furnished more collegiate cage stars to the National Basketball League than

any other university. Six former Irish are wearing National uniforms—Billy Hassett, Tri Cities; Leo Klier, Indianapolis; Dick Niemiera, Fort Wayne; Eddie Riska, Oshkosh; and Fran Curran and George Sobek of Toledo.

Columbia Begins Efforts to Protect Mice From Cancer

New York, April 22 (AP)—Columbia University has initiated efforts to immunize mice against breast cancer, two members of the staff of the College of Physicians and Surgeons announced today.

The disclosure was made as John Reed Kilpatrick, chairman of the 1948 joint campaign of New York city committees of the American Cancer Society, presented a check for \$125,000 to Dr. Frank D. Enckenthal, acting president of the university, for cancer research.

The American Cancer Society also announced an award of \$125,000 to Columbia for continuation of 12 specific cancer projects. Dr. Samuel Graff and Dr. Cushman D. Hargensen made the announcement regarding the experiment with mice. Asked whether the experiment, if successful, would be applicable to humans, Dr. Hargensen said:

"If the biological processes in the development of malignant growths are the same in mice as they are in human beings, yes. But we do not know that."

Katonah Woman Goes Abroad to Buy Animals

New York, April 22 (AP)—A Katonah, N. Y., woman who has spent 25 years sculpturing animals left today for India to buy nine elephants and a number of tigers and leopards for a circus. The sculptress, Mrs. H. Halsted Park, said she was selected for the assignment—her first of this kind—because of her familiarity with animals.

Mrs. Park sailed on the liner Queen Elizabeth for London, from where she will go on to India. The liner carried 2,210 passengers, the largest number to sail from New York since last November.

HIGHLAND NEWS

Highland, April 22 — Thomas Leonard, East Orange, N. J., a former resident, was a guest of Mr. and Mrs. G. Hallock Mackey Sunday.

Mrs. J. W. Feeter substituted for Mrs. Franklin Welker at the Monday Bridge Club meeting with Mrs. Fred Lewis Vail.

Mrs. Edgar Boyer, in conducting the Mission Circle meeting Wednesday at the home of Mrs. Bertram Cottine, stressed the four goals heard at Presbyterian as stewardship, reconciliation, evangelism, world fellowship, and Mrs. Andrew W. Lent in her devotion to the church. "Excellence in This Crucial Work," The Rev. Oscar Jelsma was present and gave a short talk on the significance of the cross and candlesticks which were recent gifts to the church. Mention was made of a meeting in New York June 7-14 in Calvary Episcopal Church in which Presbyterian president, Mrs. Howard Black, will attend, and May 11 an executive meeting at the Presbyterian manse in Wappingers Falls to which the treasurer and program chairman are especially included. The part the Circle will take in Mystery night, May 20, was discussed, also a tentative luncheon for July 21. The

success of "Today" when placed in the church schedule was noted. The dessert luncheon for May 6 was announced for the Council of Church Women. The meeting for May of the Circle will be in the church hall with Mrs. Harold Benner, Kirschner, Poughkeepsie, as the guest. The hostess served refreshments.

Two grass fires Sunday in the Black creek neighborhood and Monday on the Milton road below Wilkows corners called out the firemen.

Robert Dean, Hempstead, spent Monday and Tuesday with his mother, Mrs. Edwin Clark, upper Main street.

Mr. and Mrs. Philip Pampinella and baby spent the week-end with Mr. Pampinella's parents, Mr. and Mrs. Frank Pampinella. The former will move here next month from New York and occupy the recently purchased home on Vineyard avenue.

A daughter, Anna Denise, was born April 23 to Mr. and Mrs. Vincent Patania in St. Francis Hospital, Poughkeepsie.

Mrs. Samuel D. Barnham, who recently underwent an operation at Vassar Hospital was able to return to her home Tuesday.

Miss Ethel Haines conducted the devotions at the meeting of

'What's He Doing to Me?'

"I liked it the way it was," Mitzi seems to be saying, "and then he had to go and cut it. I sure lead a dog's life." Mitzi, a French poodle, seems very unhappy with the new hair-do Kurt Mueller, of Manitowish, Wis., has concocted.

the Gansse Church School Society Thursday evening at the home of Mrs. Edison Dimsey, Jr. She used "The Upper Room" as her subject.

Miss Haines also reported on the Greek family for which the society will send clothing. They are connected with Andolia College in Salonica, Mrs. Henry Swift and Mrs. Elmer Fisher have already had game parties for this benefit.

The program on Trusteeship Council and Security Council under the general head of the United Nations, was arranged by Mrs. Troy Cook.

The meeting on May 13 will be with Mrs. Luther Filkins with the program on music arranged by Miss Shirley Sharrock.

The opening of the newly remodeled hardware store of Walter R. Seaman was held Tuesday. The interior of the store was burned out in the fire in January and since has been replaced with fittings. Inside the entrance broad stairs lead to a salesroom in the basement. The office is enclosed in the left rear of the store and the burned out partition between the former main floor and a work room was not replaced thus making a much larger floor area. The front of the store is painted in black and white, and large plate glass windows were installed to add to the light and attractiveness.

Reds Make Inspections

Berlin, April 22 (AP)—Hundreds of Russian Military Police today made strict inspections of all traffic and transport in the Soviet Occupation Zone. Some German observers believed they were looking for deserters from the Russian Army. This belief seemed partly borne out by raids the Soviet M.P.s made on railway stations and some private homes. In these they listed the aid of German police. Authoritative reports published here recently said thousands of Soviet soldiers are deserting with their wives, preferring to live illegally in Germany rather than be repatriated to Russia. The Neue Zeitung, official German language newspaper of the Allied Military Government, quoted a Soviet commander then as saying more than 10,000 Soviet soldiers have deserted.

Questions for I.T.U.

Washington, April 22 (AP)—Attorneys for newspaper publishers rendered a long list of questions today for I.T.U. President Woodruff Randolph at a hearing on their charges that the A.F.L. Typographical Union has violated the Taft-Hartley Labor Act. Lawyers for the National Labor Relations Board said they expected to have only a few questions to put to Randolph on cross-examination. Charges that the union insisted on retaining the now-banned closed shop and on detaching collective bargaining moves of union locals were brought by the American Newspaper Publishers Association. A.N.P.A. Counsel Elisha Hanson told N.L.R.B. hearing Examiner Arthur Leff he expected to take a day and a half questioning Randolph.

Rev. Edward Farrelly Assigned to St. Mary's

The Rev. Edward Farrelly has been assigned to St. Mary's Church as an assistant, it was announced today by Monsignor Drury.

Father Farrelly, who will assume his duties on Saturday, May 1, is a native of Newark, N. J., and was ordained at St. Patrick's Cathedral on April 17. He offered his first Mass at the Sacred Heart of Jesus and Mary Church, East 33rd street, New York city.

Blocks Mine Pension

Washington, April 22 (AP)—Ezra Van Horn, operators' trustee for the coal miners' welfare fund, threw another block today against payment of \$100-a-month pensions from the fund. He wrote the banks holding the \$34,000,000 welfare fund that he has refused to approve the pension payments. He said he has legal advice that his signature is required on all checks withdrawing money from the fund. Van Horn also has filed suit to void the pension plan approved by John L. Lewis and Senator Styles Bridges, other trustees of the fund. He objects because the Lewis-Bridges plan would give pensions to miners who worked in mines not contributing to the welfare fund.

Forests Dry, Fires Barred

Albany, N. Y., April 22 (AP)—Fishermen and others planning outdoor trips this week-end were urged today to build fires in the state's dry forests. Conservation Commissioner Perry B. Duryea said fire hazards were increasing daily. "Unless we have at least more than normal rainfall in the next two weeks, we may face conditions similar to those which existed during last fall's most hazardous season," he said.

Five Are in Custody

Detroit, April 22 (AP)—Five men were in custody today as police followed two new leads in their hunt for the gunman who shot Walter P. Reuther. Three men, none of them named, were questioned about a red car rented from an agency on the night of April 20 when Reuther, president of the C.I.O. United Auto Workers, was attacked. Two others were questioned about reported threats made against the 40-year-old labor leader. They were not identified. There were no charges against any of them. Police said one of the men in custody rented a red car, not unlike the one in which the gunman fled after shooting Reuther.

Anglo-Saxons were early users of metal rings. The word "wed" meant a pledge and a ring was used to seal the bargain.

Bill Would Allow 200,000 to Enter U. S. From Europe

Washington, April 22 (AP)—A bill to let 200,000 displaced Europeans enter the United States was approved today by the House Judiciary Committee.

Now it is up to the House to act on the measure.

It would admit the displaced persons over a two-year period and charge them to future immigration quotas of their native countries.

In addition, the bill would allow 15,000 displaced persons already in the U. S., to stay here permanently.

Heart diseases occur most often in the elderly group.

Asks Pinball Law
New York, April 29 (AP)—A law specifically outlawing pinball machines in New York city is asked by Mayor William O'Dwyer. The mayor said yesterday he requested the City Council to approve a law which would permit games of skill but prohibit machines defined as "gaming devices." An intensive police campaign here against such devices was halted recently after a court action was filed contending the raids were illegal under present law. More than 1,600 machines were seized in the raids.

May 1st Celebrations
Waukegan, N. Y., April 28, 1948.
First, The Freeman:

On May 1 of this year a new episode is taking place on the American scene. For the first time in our nation's history, the American Legion, and Veterans of Foreign Wars, along with thousands of old parades, meetings and demonstrations in opposition to the Communist May 1 Labor Day demonstrations.

of the opposition, such pressured
the Chicago press, as presented as
the American traitor. The implication
is that the traditional May
day is a foreign importation, pat-
terned from Russia. This mis-
take needs to be corrected.
While it is true that May 1
was introduced into the fact
of the Russian Revolution, it is
not the Russian Revolution that
the United States' American history
is based on the following facts.
Immediately after the Civil
War there was great agitation by
organized labor for an eight-hour
day. On May 1, 1886, there was
a "eight-hour" work
movement in which 30,000 union
members took part. Two days
later the Chicago police fired into

New York, April 29 (U.P.)—A letter mailed to hard mail parties at Pleasantville, N. Y., was returned yesterday and accused of containing between \$500 and \$600 worth of subscription letters addressed to a prostitute.

New Unit Formed

A new Home Bureau group was organized in the Tabasco and the reason was this week at the home of Mrs. Oliver Gray. Miss Helen Parsons assisted in the organization of the club. Officers elected include Mrs. Oliver Gray, chairman; Mrs. Sarah Gray, vice chairman; Mrs. James Gray, Ohio Home secretary; and Mrs. James Wyndrop, treasurer. The

a group of "eight-hour" pickets at the McCormack Harvester Plant, killing one man and wounding many others. Thus was born May 1 as the traditional day on which labor demonstrates its solidarity, celebrates its gains and makes known its program for further progress of the people.

Let us be absolutely clear on one point: that whatever advances labor and the people enjoy today is the result of past struggles and sacrifices. The forces in power never gave up a thing willingly; never passed out the silver platter with something on it,

In the light of these facts we must ask, "who inspires these 'opposition' demonstrations?" I am certain that were the circumstances more generally understood, there would be little support from the people for such opposition. The bonafide, traditional May 1 is a better expression

of progressive Americanism than any reactionary sponsored opposition. Lincoln taught us something about the rights and struggles of the people vs. the opposition of vested selfish interests.

Yours truly,
FRED BRIEHL.

next meeting will be held at the home of Mrs. Gray May 5 during which time the schedule for the year will be planned. Refreshments were served and a business and social evening was enjoyed.

Makes Salads Sing

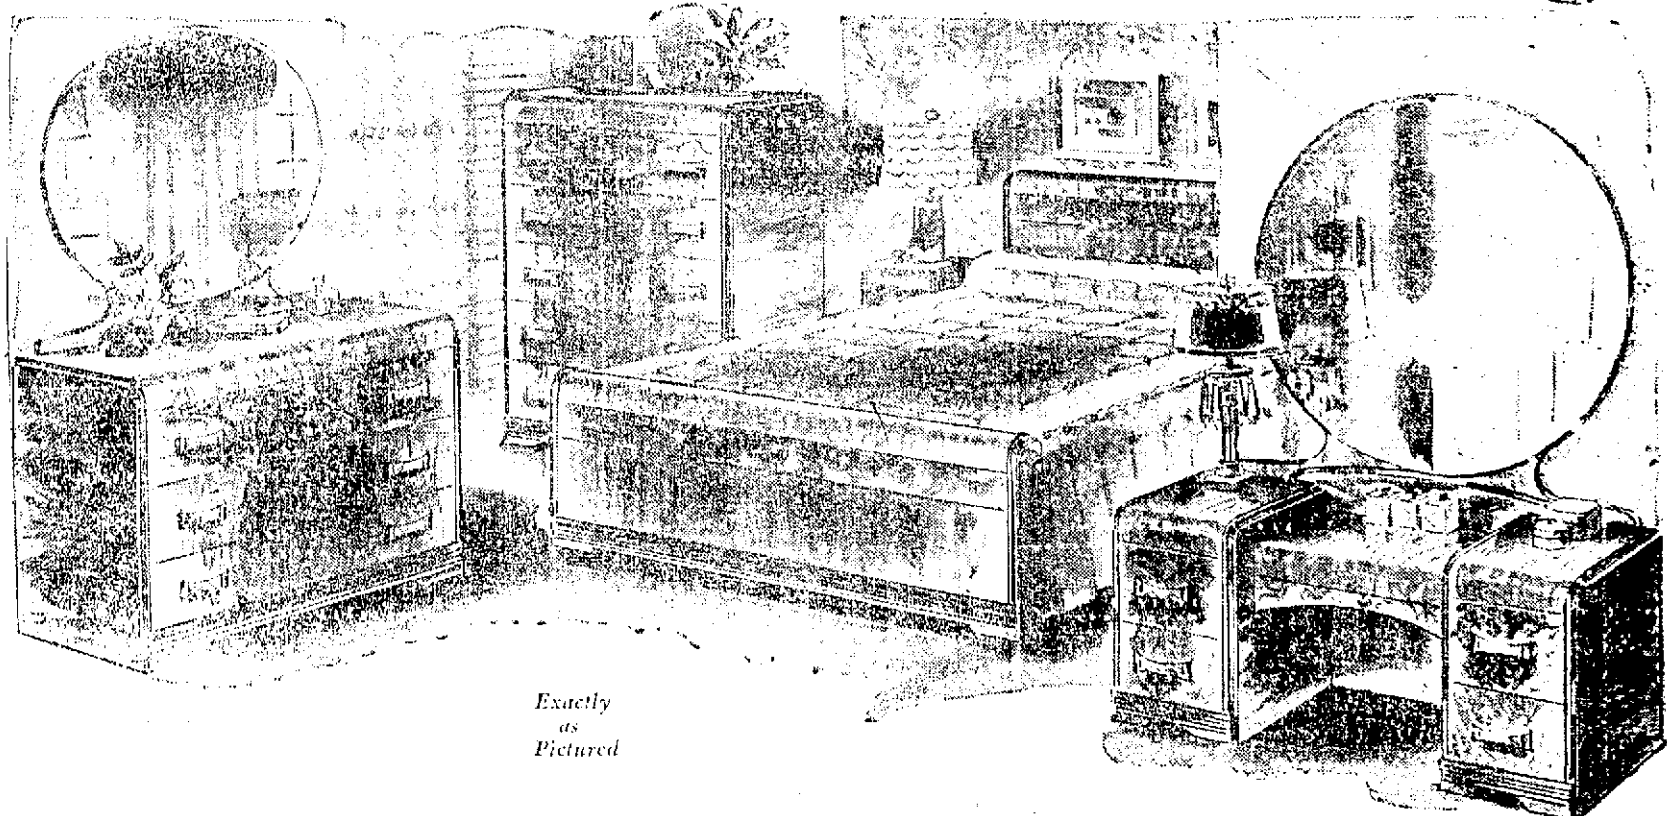

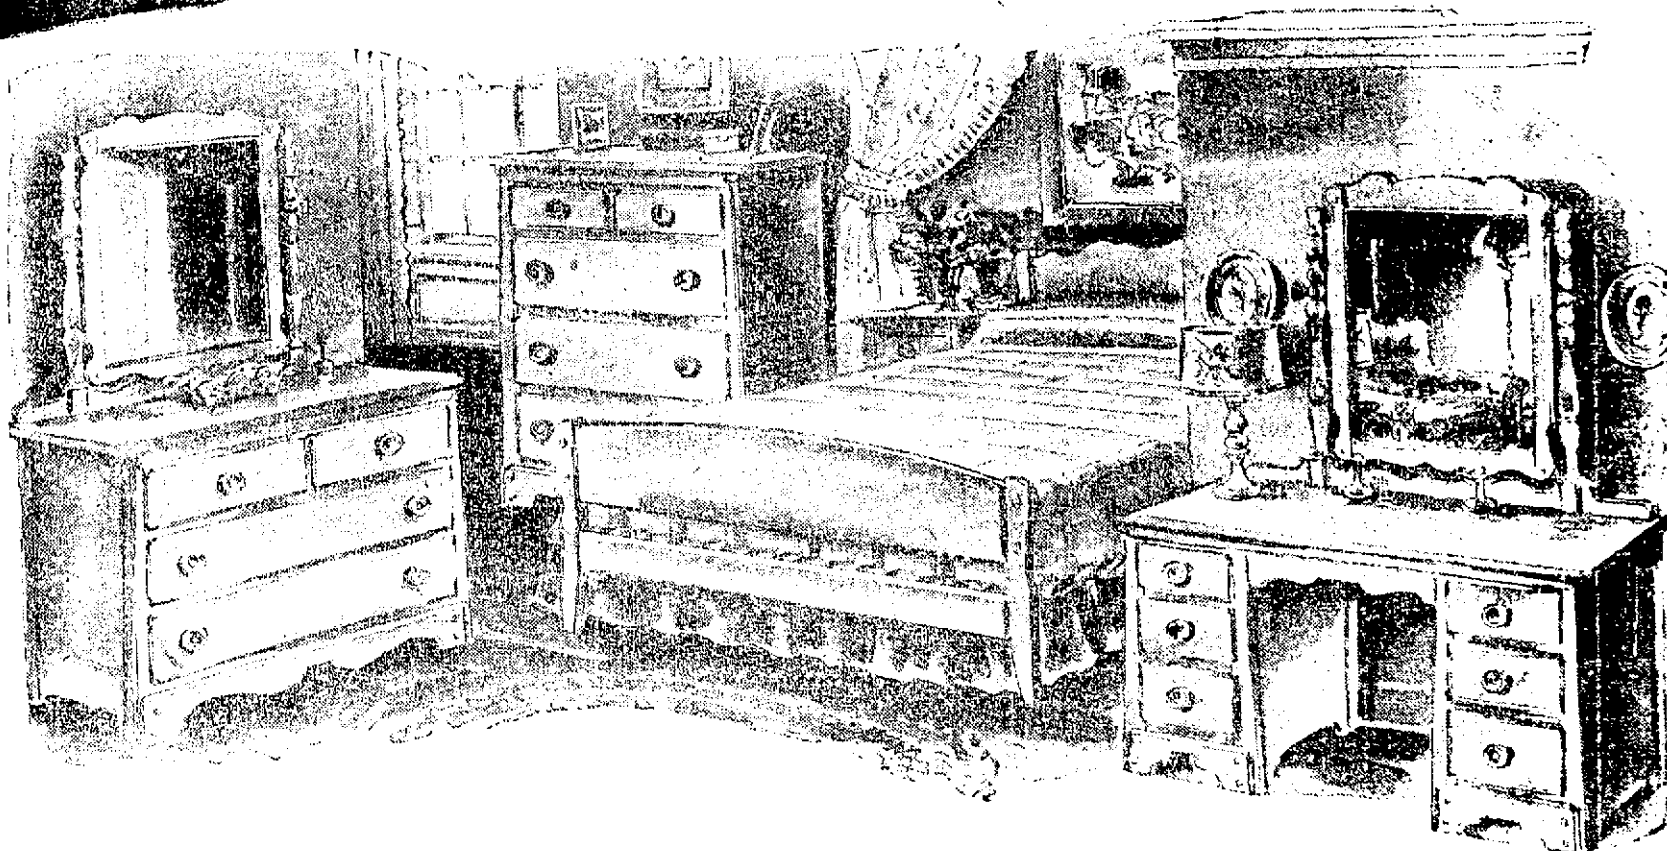

A black and white illustration of a chef in a white uniform and hat, standing behind a large, round platter filled with a variety of food items, including what looks like a salad, bread, and other dishes. Above the platter, there are several musical notes and a treble clef, suggesting the food is 'singing' or has a musical theme. The text 'Makes Salads Sing' is written in a stylized, cursive font above the chef.

Salads hit a new high in good taste with the mayonnaise that coaxes out—never smothered—all their hidden flavor. Mrs. Ellberg's is real mayonnaise—

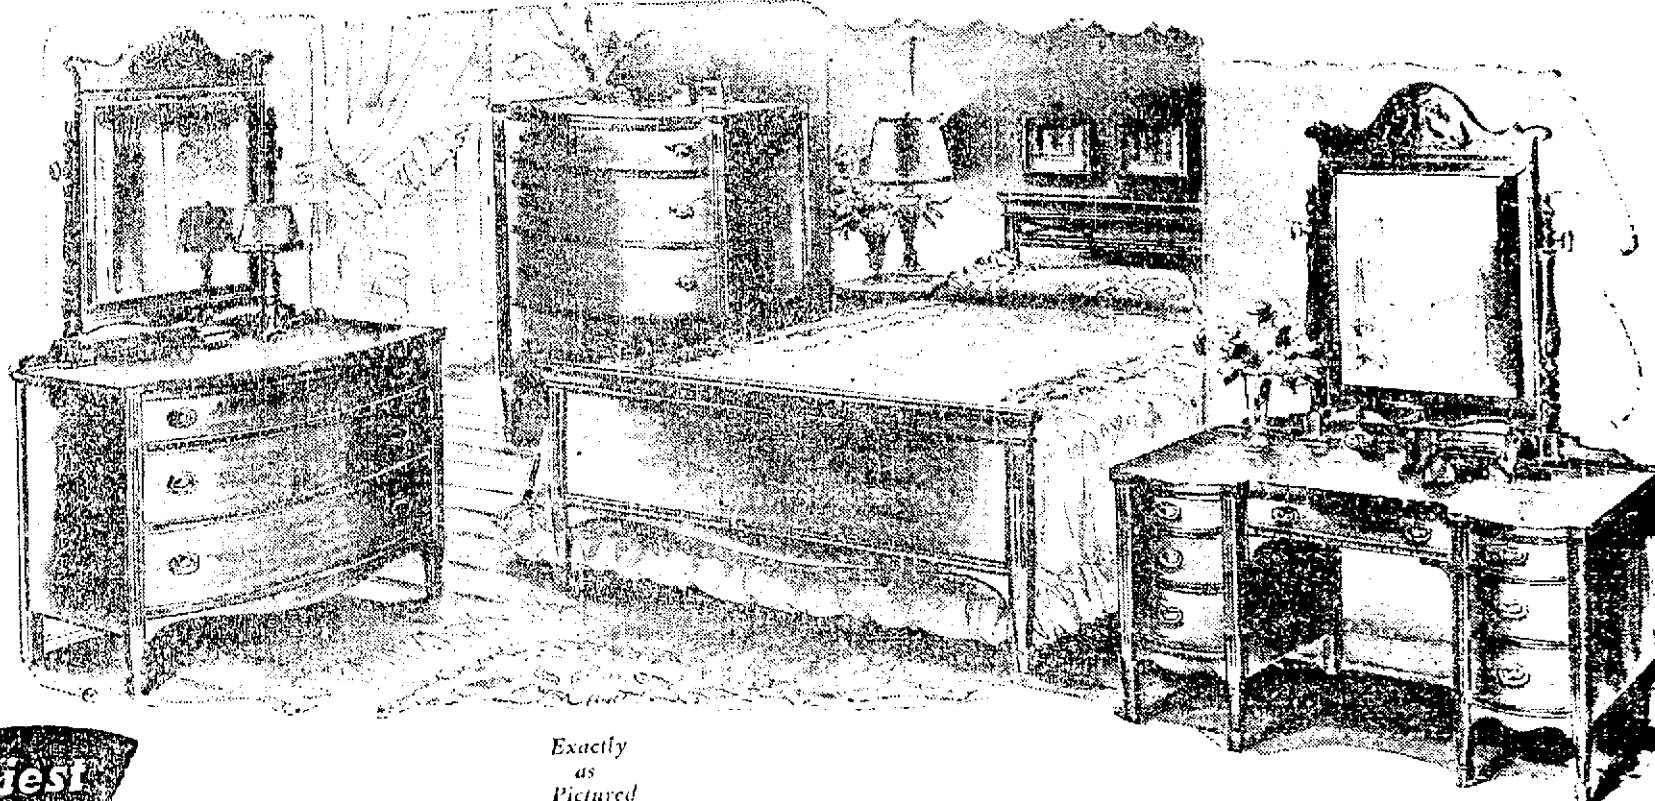

Mrs. Filbert's is real mayonnaise—whipped satin-smooth, with a tangy freshness that seems right off the egg-beater. Now more tempting than ever with real lemon juice added! Your family will love it on salads, snacks, sandwiches. Get a jar of Mrs. Filbert's delicious Mayonnaise at your grocer's today.

Osnam Says Red
Opposition Method
To Retain Power

Methodist Bishop Osnam, in his address to the General Convention of the Methodist Episcopal Church, Central Jurisdiction, in New York City, said that the only way to retain power is by the use of the opposition method.

They'll Tell the World

American high school students are going on the air to tell the world how democracy works. Here, Harold Jung, 16, inaugurates the Voice of America broadcasts to Germany as he tells German youth about democracy in U. S. schools. Marion Benner, left, and Lisa Steiner, both 15, wait their turn.

Hydraulic dredges have pumped dredged material for distances of 15,000 to 20,000 feet, discharging it in deep water or behind levees.

The ancient Celtic tongue, Manx, is still spoken by a few of the 51,000 inhabitants of the British Isle of Man.

Health Department
Assists Cancer Drive

Eugene B. Carey, county chairman for the cancer financial drive, has received the following letter from Commissioner of Health Dr. George James:

Mr. Eugene B. Carey,
Campaign Chairman
American Cancer Society
Ulster County Branch,
Campaign Headquarters
292 Fair Street
Kingston, New York

Dear Mr. Carey:

Thank you for your letter of April 18th regarding our assistance with the drive for funds of the American Cancer Society. This Department has always cooperated with all worthwhile drives by voluntary agencies and we are pleased to give you any assistance that we can.

During the past year and especially during the past two months we have carried out a very rigorous program of cancer education among the lay groups in this county. Members of this Department have given numerous talks and shown films to large groups scattered throughout the county. We feel that our efforts have contributed toward the success of this worthwhile cause.

Please do not hesitate to call upon our Department if you feel we may be of help.

Very truly yours,
GEORGE JAMES, M. D.
Commissioner of Health

Food Prices Eased
In Many Sections

New York, April 29 (AP)—Food prices eased this week in many sections and volume of buying increased.

Many small independent stores reported sales were higher. Wholesale sales inquiries from grocers were more numerous than last week and dollar sales volume was sharply up from a year ago.

Canners reported buyers more active and abandoning the pessimism of recent weeks. Bargain hunters were looking for carryovers if prices were lower than anticipated costs for new packs.

The food component of the Associated Press wholesale commodity price index was at a new low for the year, 145.12. The index is based on 100 for average 1926 prices. A week ago the food component was 150.62 and a month ago 147.71. The year's high was 169.58 January 2.

In the New York retail markets the price of steak was cut as much as 10 cents a pound today and ground beef four cents a pound.

Wholesale butter prices were also down about one cent a pound in New York.

Religious Building Up
According to Department of Commerce estimates, expenditures for construction of religious buildings declined from \$139 million in 1929 to \$20 million in 1933 and, after 1935, rose to \$55 million in 1940 and \$58 million in 1941.

There are 242 extant covered wooden bridges in use in Pennsylvania.

Local Residents
In New Who's Who

New York, April 28 (Special)—The names of four prominent people in Kingston are included in the new 1948-49 edition of "Who's Who in America," which has just come off the press.

They are General Robert W. Hasbrouck, U.S.A., Judge John T. Loughran, 12 John street, the Rev. Frank B. Seeley, 95 Maiden Lane, and Ole Windigstad, symphony conductor, R.F.D. 2.

Newly-selected for inclusion among the notables on the American scene are Frank Sinatra,

Frank Leahy, Notre Dame football coach, and Soviet Foreign Minister Molotov. Many army, navy and navy officers of high rank, ended.

EAT WELL for Less

EVERY BABY IS AN INDIVIDUAL

Big Brother's growth inspires high-chair sister to lick platter clean.

(Fourth of six articles for National Baby Week.)

By GAYNOR MADDON
NEA Staff Writer

When Granny used a ruler, it was over the head to measure growth. This is still the traditional American way to check up on sprouting Juniors. However, no two children progress alike, even in the same family, yet some parents often try to copy another's feeding schedule in their impatience to speed a baby's progress. Pediatricians constantly remind that each baby is an individual, right through eating, sleeping, growing. A particular month-old infant may require 20 hours sleep a day but others, of the same age, may need much less. And it's the same with food. There is no blanket schedule for the types and amounts of food a baby needs for normal, healthy development. Each baby is a special case. Babies don't just grow. It takes wisdom, time, care—and experienced guidance. This is the season, National Baby Week, for emphasizing a careful check-up on baby's complete schedule and progress. Even though your thriving youngster seems "in the pink," it's important to know how to keep him that way. Let the doctor review his daily routine and then follow through around the calendar with "just what the doctor ordered."

From Mound Family

Charles (Red) Embree, New York Yankee hurler, comes from a pitching family. His father was a star at Monrovia, Calif., high, an older brother, turned down several pro offers, a sister toured the Orient with a team of softball players and a younger brother, Earl, plays with Yankee-owned Augusta in the Sally League.

Black Market Boom

Emden (AP)—Police here said they had confiscated enough black-market food from travelers in the past few weeks to fill 75 railway wagons. Fire brigades and trade union officials have been called out to help police control the hordes of people carrying personal belongings to barter with the farmers.

Here are some party treats safe for the young:

Apricot Refresher

(Two medium-sized servings)
One egg white, 2 tablespoons chilled orange juice, 1 (4½-ounce) canner chilled apricots with farina.
Combine ingredients in jar with tight-fitting top, shake until well mixed but not foamy. Serve at once.

Golden Nectar

(Serves 2 or 3 small folks)
Two (4½-ounce) containers apricots with farina or strained peaches, 2 teaspoons lemon juice, few grains salt, 1 tablespoon sugar, 1 large serving vanilla ice cream.
Combine all ingredients and beat just enough to blend.

TOMORROW'S MENU

BREAKFAST: Baked apples, cream of wheat, enriched toast, butter or fortified margarine, marmalade, coffee, milk.
LUNCH: Creamed junior vegetables with rice, egg yolk, toasted muffins, butter or fortified margarine, strained fruit over custard, cookies, tea, milk.
DINNER: Half grapefruit, beef patties with parsleyed new potatoes, stewed tomatoes, whole wheat bread, butter or fortified margarine, grated raw carrot over salad greens or gratified carrot molded in individual gelatin salads, deep dish apple pie, coffee, milk.

THREE GRAND MEALS EVERYDAY

"SIMPLY" DELICIOUS!

Canned Peaches are "simply" delicious. You simply open a can and presto — the grandest desserts you ever ate! Canned Peaches have a variety of uses... with breakfast cereals, with meats, in salads, cakes, pies and dozens of other ways.

Here are some suggestions:

- Place sliced, canned cling peaches atop a hot of steaming hot or prepared cereal to add color and interest to breakfast.
- Drain canned cling peaches, for a delicious change from syrup, with walnuts, French toast or pancakes.
- Fill canned cling peaches with cream or cottage cheese, raisins, and chopped nuts for a nourishing luncheon salad.
- Glimmerize an everyday salad with cubed, canned cling peaches and shredded cabbage, tossed with mayonnaise and peach syrup dressing.
- Drain canned cling peaches, fill bowl with butter or margarine, fill bowl with syrup and heat to glaze. Serve with apples, pancakes or waffles.
- Fill canned cling peaches with cranberry relish or jelly for a gala holiday garnish for roast fowl.
- Chill peach halves. Place in sherbet dishes. Fill with a generous scoop of vanilla ice cream. Top with raspberry or strawberry jam or preserves.
- Split gingerbread or chocolate cake. Fill with ice cream and sliced canned peaches. Top with additional peaches and syrup.

I have a collection of excellent recipes and suggestions for using canned peaches in many ways. Send for them.

NEW!
Mrs. Filbert's MARGARINE
NOW "IN THE BAG"
A "million times" easier to color... more delicious flavor, too!

Amazing new "press-to-change" coloring method saves time...saves effort...saves waste!

At last—here's all the quick coloring—all the wonderful flavor you've waited for in margarine! Last year, we introduced Mrs. Filbert's Margarine, and it was an even yellow in 2 minutes! It's in the bag! And so is the best flavor you ever tasted!

Actually tastes home-made. Yes, Mrs. Filbert's Margarine is blended from Mrs. Filbert's own recipe—now improved... better than ever! Like a pat of sunshine on bread. Enriches cooking, baking and frying, too. Every pound is fortified with 15,000 units of Vitamin A.

Country-fresh Mrs. Filbert's Margarine is made fresh daily. And Mrs. Filbert's airtight "wonderbag" keeps in freshness...keeps out dust, odors, moisture. Ask your grocer for Mrs. Filbert's Margarine today.

"Biggest thrill of my career..." "I haven't been so excited since I made my first margarine 30 years ago! Why, with my new "press-to-change" capsule, the margarine practically colors itself! You housewives are going to save so much time—so much energy. And it's so easy to color you can let your children make a game of it!" Mrs. Filbert

TAKES ONLY 2 MINUTES TO COLOR IT!

SNAP—Before putting in refrigerator let bag stand 3 to 4 hrs. Break capsule to start color.

SQUEEZE—Knead bag for 2 minutes, until whole pound is evenly colored. No greasy hands.

CHILL—Replace bag in package to shape. Put in refrigerator. No bowl needed, no dishes to wash.

SLICE—When firm (still in bag) slice off portion for table or cooking use. Then peel off plastic film.

Rebel Flags Wanted

Baltimore, April 29 (AP).—The U. S. Coast Guard today announced that it had received information from a confidential source that a number of rebel flags were being stored in the city. The source stated that the flags were being stored in a warehouse located in the city's harbor area. The Coast Guard is currently conducting a search of the warehouse and expects to recover the flags within the next few days.

Senator Wicks Is
Staunch Backer of
Y.M.C.A. Drive

A letter of praise and encouragement for workers in the Y.M.C.A. drive to collect \$19,800 for financing activities of the association for the ensuing year has been written by State Senator Arthur H. Wicks, expressing his personal sentiments concerning the program of the organization. Senator Wicks, a member of the Y.M.C.A. for a number of years, said, "There is nothing more encouraging for the future of democracy than to see an organization like our 'Y' operating to capacity for the people of all races and creeds. Carry on with your share of this worthwhile task and you will be a part of the most successful campaign that we have had."

There is nothing more worthwhile than an undertaking that you know will produce good program features for the boys and youth of our community. I have been a member of the Y. M. C. A. for years. I go in and out of there frequently. I can see the work that is being carried on. There is nothing more encouraging for the future of democracy than to see an organization like our "Y" operating to capacity for people of all races and creeds. "All power to you as you go forward with your work. Carry on with your share of this worthwhile task, and you will be a part of the most successful campaign that we have had."

Breneman Memorials
Given in Hollywood

Hollywood, April 29 (AP).—Memorials to Tom Breneman, who died yesterday, replaced the joviality of his "Breakfast in Hollywood" radio show today.

A spokesman for the American Broadcasting Company said there would be tributes today, tomorrow and Saturday while the network decides whether the Breneman show will be continued.

It is possible that Jack McElroy, who often substituted for Breneman, may carry on the program which had an estimated 10,000,000 daily listeners to its gags, interviews, fun with ladies' zany hats and orchids to the oldest woman present each day.

Breneman, 47, fell dead of heart disease at his Encino home early yesterday morning as he was preparing to leave for his Vine street restaurant in Hollywood where the show was transcribed a day in advance.

The program which was to have been broadcast yesterday will never be heard, A.B.C. announced. Funeral arrangements were expected to be made today.

Seminar on Labor

A state churchmen's seminar on industrial and labor relations will be conducted at Cornell University, Ithaca, Thursday, Friday, and Saturday, August 12, 13, and 14, under sponsorship of the New York State Council of Churches and the New York State Baptist Social Service Commission. The program will open Thursday night at 7 o'clock and close Saturday noon. A banquet will be served Friday night. Registrations for the seminar will be limited to the first hundred applicants.

C. A. Bonaparte Dies

Albany, N. Y., April 29 (AP).—Claude A. Bonaparte, 50, deputy superintendent of the State Public Works Department, died of a heart attack last night at his home in nearby Delmar.

Good Word for Juleps
Comes From Physician

Atlanta, April 29 (AP).—And now comes Dr. George R. Herman with a good word for mint juleps. They "dilate the arteries of the heart," the doctor explained. For that reason, he went on to say, it might be a good idea for people to start sipping them more—and taking things easier—to help ward off an alarming increase in heart disease. Dr. Herman is medical professor at Texas University. He told a meeting of Georgia physicians last night that as the hectic mental strain of the modern age has increased, so has coronary artery heart disease—"the most common and serious type." "We have become too hurried," he warned, "and our hearts are over-taxed."

Two Modish Women
Are Sought as Bandits

Camden, N. J., April 29 (AP).—New Jersey State Police were alerted today for something new in the way of bandits—a pair of stylishly dressed women. State police of the Berlin Barracks said Mrs. Anna Walker of nearby Kettle Run reported two women drove up to her farm house yesterday and announced they were selling stockings. After she invited the pair into the house, Mrs. Walker told police, one of the women said: "I know you love your children and I want your money. Give us your money or we'll harm your children." Afraid that some harm might befall her own two children and a third child visiting the Walker home, Mrs. Walker told police she obtained \$70 from a bedroom and gave it to the two female bandits, who then fled in their car.

SHOKAN

Shokan, April 29—Mr. and Mrs. Lemuel DuBols are again at their home on Route 28 after having been in Florida several months. The former Olive supervisor and his wife spent most of their time in the Daytona sector of the east coast.

Mr. and Mrs. Bernard Casablanca motored up from New York Friday and spent the weekend at their rented bungalow in the village center. The couple set out some flowers and shrubs while here.

Mr. and Mrs. Theodore Erlson of the Temple's Pond neighborhood are reported to have sold their place overlooking the east reservoir before they left, and to have bought and occupied the John Fisher tavern property at West Hurley.

Mrs. Edwin Swenson of Locust Valley, L. I., spent Sunday at the home of her parents, Mr. and Mrs. Homer Markie, Sr. Mrs. Swenson, the former Ruth Markie, found her mother somewhat improved from her illness of several days.

Sunday, the Shokan Champions dropped the first W.H.S.S. baseball league game to the Old Hurley nine by a score of 15-4. Thus, the locals are now in second place with Samsonville, who lost to West Shokan, 12-6. Jansen was on the mound for the Hurley lads, and Personius pitched for the locals until the fifth, Cunniff of Hurley hit a triple, whereupon three other "Champs" were thrown in, to try and stem the tide.

Thursday, April 28, 1910: Beechford—Andrew Weeks is spending some time with his sister, Mrs. Peter Boice, in Kingston. . . . Progressive Social Club met Wednesday at the home of Nellie Smith. . . . Mrs. Edgar Reynolds and Mrs. George Holmes of Kingston, also Mr. and Mrs. George Routh of Lanesville, spent Thursday with Mrs. William S. Wine and attended the funeral services for William S. Wine at Mt. Tremper. . . . Krumville, F. Overacker has bought a horse from John Van Kleck and Homer Sheldon has sold one to Edward Palen of Samsonville. . . . Anna Oakley of Hyde Park spent the week-end with her parents, Mr. and Mrs. William Oakley.

James Deice of Ashokan has rented a bungalow to John Putnam of Schoenectady.

Pacama Pete after reading in a newspaper filler that "paint was used by the ancients," remarks that in the cities a lot of them still do it.

Speaking of paint—the Thor Fredenholm house in the village is looking real nifty, all dolled up in its new white coat.

Mr. and Mrs. Herbert Ficke, New York Couple who spent the summer of 1946 here, were callers in Shokan Monday afternoon.

Foto of Peter C. One of the column readers has handed us, for our

inspection and edification, Charles A. Goodrich's "United States," a historical work compiled on a "Plan Adapted to the Capacity of Youth." The book, published at Boston in 1845, was an enlargement and revision of its 100th edition, so it must have been a popular history in the years between the Civil and Mexican Wars. It is a remarkably comprehensive book, too, for such a small one (only 6 1/2 x 4 x 1 inches), with divisions into 15 periods beginning with the arrival of Columbus and ending with General William H. Harrison's brief term in the presidency. The 103-year-old, 344-page history for instance has this to say of "Old Tippecanoe's" last days: "Thus, all things were combining to fulfill the nation's joy, and were full of promise in respect to the future when, unexpectedly and before the rumors of his (Harrison's) sickness could have reached the limits of the country, they were followed by the intelligence of his death. In one short month from the time he stood on the eastern portico of the capital . . . he was a pallid corpse in the National mansion." The president's death, the historian goes on to say, occasioned a mourning that was "deep and universal, and funeral processions were held in every principal city." The interesting old book formerly belonged to the late Henry C. Elmonford, a descendant of the early settler, Conrad Elmonford, and father of Earl and Burr Elmonford of Shokan. H. C. Elmonford's farm home was the present H. J. Gebbelein place in Shokan village center.

Pilot Dives Plane 3,000 Feet, Blows Out Engine Fire

Cleveland, April 29 (AP)—A quick-thinking pilot, flying an American Airlines transport plane carrying 48 passengers, dived his ship 3,000 feet yesterday to blow out an engine fire.

The ship, a DC-6 piloted by Capt. E. S. Swanson, was over Toledo at 21,000 feet altitude at the time. It continued to the airport here on the remaining three engines.

Passengers, watching as flames shot out of the engine and billowed back across the wing, remained in their seats.

All available fire apparatus at the airport followed the plane as it landed and poured 200 pounds of carbon dioxide fire extinguisher on the engine and damaged right wing.

Capt. Swanson said a broken propeller blade in the engine's super-charger caused the fire when it flew off its hub and ripped through the housing. "This allowed oil to come in contact with the hot exhaust collector ring."

Two smiling stewardesses, Marion L. Negeard and Eileen M. Sexton, and Capt. Swanson and Co-Pilot M. T. Pettigrew, were praised by passengers.

"I was quite alarmed," said Mrs. Ruth Allard of New York, "but I looked at the stewardess and there was a smile on her face."

M. J. Civetta, a Mt. Vernon, N. Y., attorney, said "the crew immediately dispelled any fear among the passengers."

After the dive, the stewardesses offered all hands an extra cup of coffee, then resumed serving dinner.

The transport had left Chicago on a non-stop flight to New York.

Greek Drama Planned In Classic Setting

Syracuse, Sicily (AP)—Three great dramas of Aeschylus are to be put on again in the ancient theatre where the "Inventor of Tragedy" himself may have watched them performed.

The plays in a new Italian version with modern musical accompaniment will be performed May 15-23 in Syracuse's 2,500-year-old Greek Theatre, which is still in good repair and boasts acoustics so perfect that whispers on-stage are clearly audible in the last seats of the stone rotunda.

Aeschylus (525-456BC) born in Athens, lived the last years of his life and died at the court of Hieron, dictator of Syracuse in Sicily—then called "Greater Greece."

The airfield at Bogota, Colombia, is known as Techo—the roof—because it is situated at 8,600 feet above sea level.

Art Exhibition Opens Sunday In New Paltz

The third and final art exhibition of the college year will be held in the main building of the State Teachers College at New Paltz from May 2 to 8.

An outstanding collection of oil and water color paintings by living American artists will be on view. One group of paintings comes from the Grand Central Art Galleries in New York. It includes landscapes by Henry Leith-Ross and Henry Casser, nationally known water color painters; a flower study by Stewart Klimis, president of the Art Students League, a marine by H. Nordhausen, Jon Corbino whose famous paintings are owned by museums in this country and abroad, will be represented by a charming picture of circus horses.

A second group in the show comes from Rudolph Galleries in Woodstock. Arnold Blum, Doris Lee, Henry Mutton and others, whose work created much interest last May at the first art exhibition to be held at the College, will be represented again. There will be some lively canvases by Woodstock artists whose work is being shown in New Paltz for the first time.

A third group of paintings on exhibition will be a one-man group by James Scott whose studio is in Milton. Both oils and water colors have been selected to show the artist's versatility in painting technique, and also a wide variety of subject matter. Scott is well known in this area as the instructor of the New Paltz Art Association's painting class which meets weekly at the college.

The exhibition will open Sunday with a reception and tea served by the faculty wives. It will open daily through the following week from 9 a. m. to 5 p. m., and two evenings, Tuesday from 7 to 9:30 p. m. and Friday from 7 to 8:15 p. m. The public is invited. Admission will be free.

June 5 Is Date For Garden Party At St. Ursula's

The date chosen for the annual St. Ursula Garden Party, sponsored by the Mothers' Association of the Academy of St. Ursula, is Saturday, June 5. The outstanding feature of the day's activities on the lovely grounds of the Academy will be the afternoon card party that has proved popular in recent years. Party refreshments will be served at this pleasant social gathering. It will also be possible to purchase cakes and salads during the afternoon.

Although the customary supper and evening card party are not included in plans for this year's garden party, visitors to Marygrove June 5 may enjoy the sociability of the afternoon card party and the buffet picnic supper. Playland, pony rides and the doll booth will be for the little ones.

Y-Deal Club Has Obstacle Games; Plans Monthly Supper

Members of the Y-Deal Club participated in an evening of obstacle games Tuesday at the Y.W.C.A. Among them were musical chairs, newspaper race, balloon race, bean relay, number calling and an apple race.

Next week the meeting will include the monthly supper. General public is invited and tickets may be obtained from any member of the Y-Deal Club or at the Y.W.C.A., telephone 1911.

Hill-McCausland Marriage Performed In Rondout Church

The Rondout Presbyterian Warts Street Baptist Church was the setting Saturday afternoon for the marriage of Miss Mary Helen McCausland, New York city, daughter of Mr. and Mrs. Frank G. McCausland of 86 Crane street, to George S. Hill of East Orange, N. J. The Rev. Dr. William Corner Cain officiated.

The church was decorated with palms, white carnations, daffodils and forsythia. Mrs. Harry G. Smith was organist and Miss Betty LaFour sang "O, Perfect Love" and "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a gown of white marquisette over taffeta with a bodice of lace. Her fingertip veil was attached to a headpiece of lustre pearls and she carried white lilies.

Mrs. Henry Thayer of Macomb, Ga., as matron of honor for her sister, wore blue marquisette over taffeta. She carried daffodils.

Mr. Hill had for his best man, Howard Landrum, New York city. Ushers were Donald McCausland, brother of the bride, and Peter K. Shuka.

A reception for 60 guests was held at Ye Nieuw Dorp, Hurley, Mr. and Mrs. Hill left for a motor trip to New Hampshire. Mrs. Hill wore for traveling a suit of aqua wool with brown accessories and a beige coat with corsage of yellow roses. The couple will live in East Orange, N. J.

Golden Wedding

MR. AND MRS. GEORGE SCHICK
Mr. and Mrs. George Schick celebrated their golden wedding anniversary at Port Ewen Sunday when they were honored at a high Nuptial Mass in the Church of the Presentation. The Rev. Joseph J. Comyns officiated, and Martin Kelly sang. Following the Mass they renewed their vows and a wedding breakfast was held in St. Leo's Hall, for the immediate family. Monday they left for their "second honeymoon" to Staten Island where they are visiting their son, Thomas G. Schick, Miss Theresa Mahar of 5315 Hoffman street, Kingston, who was the bridesmaid for her sister, was at the anniversary. The best man, John Demers, is residing in Miami, Fla., and was unable to attend. The couple were presented with a purse of money given to them by their children and presented by the youngest grandchild, Thomas Barciross. In the afternoon a reception was held for 150 guests. Music was furnished by Martin Kelly and his orchestra. Miss Patricia Keefe sang the Anniversary Song, James Deely and Mrs. Edward Scherer also sang.

**Concert Numbers Announced for Free Program
Featuring Dr. Goldman for Instrumental Music**

The concert part of the program featuring a lecture by Dr. Edwin Franko Goldman, dean of American Bandmasters, at Kingston High School Auditorium, Thursday evening, May 13, was outlined today by Sal Castiglione, director of the Kingston Musicians Union Band. The program is open to the public without charge.

The local band of 25 pieces will present a half-hour concert beginning at 8:15 p. m., and then Dr. Goldman will address the public on the benefits of instrumental musical education in the public school system. Following the lecture the famous leader of the Goldman Band, known for its concerts at The Mall in Central Park, New York city, will conduct the local musicians in three matches:

**Concert Group
Seeks Capacity
Membership Program**

Commemorating the 20th year for Community Concerts Association's programs in Kingston, the local group is especially anxious to continue its record of a "sold out house" for next season. For the past two years every membership available in the association has been taken completely filling the seating capacity of the Kingston High School auditorium where the concerts are held.

Some of the members have already signified their desire to renew memberships for next season. All members who plan to do this are asked to do so quickly. Workers have materials and are renewing subscriptions now.

The annual campaign week will be held as usual during National Music Week, next week, with headquarters at the Governor Clinton Hotel, Mrs. Benjamin W. Johnston is campaign manager and a representative from the New York office is expected to assist.

Four concerts are planned for next season instead of the usual three in celebration of the 20th year. Naturally the quality of the concerts will depend on the number of memberships subscribed. All those planning to take memberships for next season must do so next week. There will be no single admissions to concerts available. The memberships entitles the holder to attend all of the concerts in the series.

Three outstanding concerts were presented in the series just closed with Whittemore and Lowe, duopianist; The Rochester Symphony Orchestra under the direction of Erich Leinsdorf; and Dorothy Maynor, Negro soprano. Among the other famous artists who have appeared on series during the 20-year period are Richard Crooks, Nelson Eddy, Elizabeth Rethberg, Rose Bampton, Helen Jepson, Charles Kullmann, Anna Kaskas, Bida Sayao, Bruno Castagna, Igor Gorin, Christopher Lynch, Donald Dame, Walter Cassell, Lansing Hatfield, The Trapp Family, and General Plattoff Don Cossack Chorus, singers; Jose Turbi, pianist.

Bartlett and Robertson, Fray and Battigelli, Morley and Gearhart, Whittemore and Lowe, Vronsky and Babin, two piano teams; Albert Spalding, violinist; Mildred Dilling, harpist; Marina Svetlova, Metropolitan Opera ballerina; Cleveland Symphony under Artur Rodzinski; National Symphony, Hans Kandler; and Baltimore Symphony, Reginald Stewart.

Truman Message Read to Assembly Of C.I.O. Unions

Atlantic City, N. J., April 29 (AP)—A message from President Truman, which has been asked to be read to the C.I.O. Unions, was read today to the assembly.

The message, read at the opening of the annual convention of the C.I.O. Unions, was read by the president of the C.I.O. Unions, who said that the president's message was a "challenge to the C.I.O. Unions to join with the other labor organizations in the fight for peace and democracy."

The message, which was read in English, Spanish, Italian, French, German, Russian, Chinese, Japanese, and Korean, was a "challenge to the C.I.O. Unions to join with the other labor organizations in the fight for peace and democracy."

Junior Glamor

Being primly by a Daytona Beach, Fla., pool, little Celeste Young puts the older bathing beauties to shame. The 14-year-old miss shows 'em that glamor comes in small packages.

SHOKAN

Shokan, April 29—Locan Loggionnaires plan to attend a stated meeting of the Olive Legion Post at Samsonville Monday evening.

John Adels, hustling Route 28 businessman, is driving a new panel truck with his name attractively indited thereon.

There is a great business throughout the twin villages of plowing and harrowing vegetable gardens, preparatory to the spring planting which will probably get underway next week. James Rutherford and Elmer Bush, with their teams, and Charles Slicker with his tractor outfit are helping out the villagers along this line.

Word comes from Sidney that the Sportsmen's Club members up there are buying 25 laying pheasants which they plan to release in that area. The sportsmen figure that much healthier birds will result from the practice of allowing the hens to raise their young in a natural environment. This sounds reasonable, and may work out all right if predatory birds and animals do not butt in on the domestic scene.

April 29, 1913: Court of Appeals decides against John Van Kleeck, widely known proprietor of lively stables at West Shokan and Brown's Station, who had sought to have the bills run up by Ashokan condemnation commissioners taxed against New York city. The court ruled that such a charge was properly against the commissioners who hired rigs to convey them on trips to reservoir section properties.

Raymond and Caroline Wallace of Ashokan are building a small bungalow on an old foundation of theirs along the mountain road in the lower village.

Mrs. J. Monaco, formerly of Jamaica, has settled down to country life and is having a garden plowed near her home on Van Steenburgh Hill.

Speaking of fast stenographers, Olive Bridge Olds says he knows a couple or three in Kingston who are not so slow.

The work of connecting the heavy cables together on telephone poles of the telephone trunkline between Kingston and the mountains is still in progress at several points. The big cable sections hung several weeks ago with the ends overlapping a few inches but not joined together, awaiting the splitting phase of operations which is generally performed by two bright and rather youthful looking technicians, who establish themselves in suspended canvas platform-ladders and labor patiently at their appointed task, before the work can be completed.

Fred, retired machinist of the reservoir shops, recently shot a big woodchuck hard by the Shokan automatic telephone central station. Just what the chuck was doing in the heart of the village is highly conjectural; he may have thought the colonial style building was a bungalow and therefore a good place to pick up a few stray lettuce leaves.

Strange but true: Way back in the early history of Ulster county it was accepted and common practice for officials to dole out beer, rum and similar liquid refreshments as a sort of bonus, or incentive to getting things done on public projects. Something on the order, presumably, of the daily allowance of grog which has long been dispensed to sailors of the British Navy. This quaint custom of supposedly furthering the comfort and contentment of workmen, and expediting the completion of their labor, is attested by an entry in old records of Kingston as follows: "October, 19, 1733. Resolved, That there be allowed to Petrus Smodes a gallon of rum for the morning dram to the workmen at the markethouse, and that there shall be allowed a reasonable accommodation of liquor to the people that shall raise the said market-house." Also as of October 21, 1748, at the request of Mr. John Persen, "Resolved, to allow two barrels of beer to make a new winter path from the water-side to Kingston." Possibly there had been an epidemic of stone bruises and corns, as a result of treading the old path between up town and the Rondoutkill. For it is recorded, under date of February 3, 1748: "Resolved, to allow Doctor Christian Kiersteden, for curing a man's feet, the sum of 40 shillings." (What, no liquid bonus for good old Doc!)

Homemade Hash

To make homemade corned beef hash, chop a piece of the beef with an onion and add freshly cooked potatoes broken into small pieces. Moisten with top milk or a little cream and fry in a skillet in which butter or margarine has been melted. Season with salt and pepper and keep the hash under the skillet low so the hash will brown well. Then fold it over and serve with a poached egg.

Financial and Commercial

New York, April 29 (AP)—An upward price trend, faint but accompanied by sizable volume, developed in the stock market today.

Oils made by far the best showing, with gains ranging to an extreme of around 3 points at one time.

Advancing tendencies became more aggressive toward noon. Earlier gains in some cases were extended to the highest levels of the year or more while losses were either trimmed or cancelled.

One \$170,000 deal spotlighted the oil section when 7,700 shares of Richfield Oil sold at 22 1/2 a share for a gain of 1 1/2. In Los Angeles the company's directors today voted a quarterly dividend of 50 cents a share, double the previous quarterly payment. H. F. Sinclair, chairman, said the increase was justified by larger earnings. The stock later advanced further.

Also higher were Texas Co., Phillips Petroleum, Gulf Oil, Socony-Vacuum, Southern Railway, Santa Fe, Atlantic Coast Line, International Harvester, International Nickel, Phelps Dodge, Owens Illinois, and Consolidated Natural Gas.

Clay Will Fly B-29s Over Berlin as He Pleases

Frankfurt, Germany, April 29 (AP)—Gen. Lucius D. Clay, American commander in Germany, said today he will order superfortresses to fly over Berlin whenever he feels it is desirable.

He told a news conference he recently ordered a group of B-29s to stand by for the possibility of flying over Berlin, but that the flight was not necessary at the time.

He denied he canceled the flight because of a news leak, but conceded that advance publication would have destroyed the effect of the mission.

Clay said he has no plans to ask for reinforcements for American occupation troops in Germany even if the draft gets going in the United States. Russian forces greatly outnumber the Americans here.

"I'm not worried about war tomorrow or war the next day," Clay said.

Thugs Find Crime Career Doesn't Pay by Hard Way

Chicago, (AP)—Robbery has run up against a resistance movement. Two thugs set out on a crime wave that went like this:

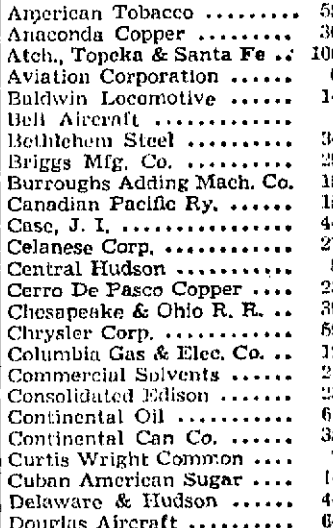

They robbed two lone men, but all they got was \$12. They met three others, one at a time, and each of the vigorous victims gave them a boxing lesson. A woman put them to rout by screaming.

They took \$30 from a truck driver. But the driver smashed his heavy truck against their automobile and they had to leave it in the street. The robbers next tried to take a car from a woman. She foiled them by hurling away the keys in the darkness. One of the brimids was caught quickly. He had a black eye and a variety of bruises.

Mrs. Roosevelt Says This Is No Time to Talk of Her Angle

Washington, April 29 (AP)—Mrs. Eleanor Roosevelt, emerging from a conference with President Truman, told newsmen today that this "is not the proper time" to ask whether she favors his nomination.

Further, she said, "that is a question I think no one should ask."

In quick replies to reporters' queries, Mrs. Roosevelt said she:

1. Will not attend the Democratic convention;
2. Will not take an active part in the political campaign;
3. Is not answering political questions (she was asked whether she will be for Mr. Truman after the convention);
4. Is not resigning as a delegate to the United Nations, where she is chairman of the U.N. Human Rights Commission.

Mrs. Roosevelt said she talked with Mr. Truman about some matters coming before the U.N. Commission next week. She said there were certain points on which the President and the State Department wished her views. She did not elaborate.

She was asked whether she is going along with the program of the Americans for Democratic Action. The A.D.A. holds that the nation has a right to call upon such men as Gen. Dwight D. Eisenhower and Supreme Court Justice William O. Douglas for the Democratic presidential nomination.

She said she has never been active in A.D.A. except to go to some of its meetings.

Mrs. Roosevelt added that she is anxious that everyone should know why they believe in the democratic form of government and be able to say why. She said ideas are fought with ideas and if a person doesn't know why they believe in democracy they are going to lose out.

Three Organizations Take Part in Strife

(By The Associated Press)

Three armed Jewish organizations which often have been at cross purposes are taking part in Palestine's strife today:

Haganah—The Jewish Agency for Palestine refers to Haganah as the official military arm of the Jewish community. The word itself means defense. The Jewish Agency estimates Haganah's potential strength at from 60,000 to 70,000 men.

Irgun Zvai Leumi—means National Military Organization. The Jewish Agency estimates that Irgun has from 2,000 to 5,000 men. Less moderate than Haganah, Irgun often has been assailed by the larger organization, but recently the two reached an agreement in the warfare against the Arabs.

The Stern Group—It is the smallest of the three. The Jewish Agency estimates its strength from 500 to 2,000. This is the most extreme of the three organizations. It gets its name from Abraham Stern, who founded it, and calls itself "The Fighters for Freedom of Israel." The Stern group is an offshoot of Irgun, with which it broke in 1940 under Stern's leadership because of differences in policy and ideology.

Hearty Vegetable Soup

Use baby food chopped beets to make a hearty vegetable soup. Just add a few containers of the beets to some shredded carrot, onion and cabbage that have been sauteed in a little butter or margarine. Now turn the vegetables into a saucepan of bouillon and simmer until very hot; serve with a dollop of sour cream garnished with finely minced cucumber and a sprinkling of paprika.

Exchange Strike

reps. I today received \$7 weekly for those in between \$50 and \$75 and \$10 weekly for those earning more than \$75.

The Exchange said the strike was "not a strike" but a "lockout" because the members were not permitted to have their own, to return fresh to the members.

trances in their efforts to prevent workers from entering the building. There was a short battle with police and a number of arrests.

The strike against the Stock Exchange and the New York Curb Exchange started March 29. Later it was extended to four brokerage houses.

The Curb Exchange dispute was started about two weeks ago. Mayor O'Dwayer appointed William J. McCormack, president of the Penn Steelcase Co., to investigate the wage matter and report back to him. That was the only remaining issue in controversy.

The mayor made his request that the strikers return after receiving a letter from union leaders asking him to intervene.

Kerhonkson . . .

Continued from Page One

Harold B. Rich, clerk, Percy Greene, Harry Lane, George Stockin, Leslie Greene.

Plans for the new additions have been prepared by Architect Gerald W. Betz of Kingston and are so arranged that future expansion of the school may be undertaken without disturbing the present plant.

It is the intention of the Board of Education to seek immediate approval of the plans from the New York State Department of Education, Division of Buildings, Plans and Grounds, so that bids for construction may be sought immediately and it is hoped that construction work will commence this season.

It was pointed out that the plan for expansion at the Kerhonkson school had been made possible through the approval of recent legislation by Governor Thomas E. Dewey under which additional state aid is allotted to the so-called small or "poor" school districts to enable them to maintain progress equal to the more populous districts, or districts which have greater financial means.

Action Is Expected

Because of the very favorable vote which was given the bond proposal last evening the district officers feel that there will be no hesitance on the part of the State Education Department to give final approval of the plan and the citizens of Kerhonkson feel that the project will be under way very shortly.

At the present time there are 206 children enrolled in the first six grades and 163 in the last six grades of the school.

The proposition which was presented last evening to the voters and approved 215 to 20 was:

Resolved:

That the Board of Education of Union Free School District No. 1 of the Town of Wawarsing, Ulster county, New York, is hereby authorized to construct an addition to the Kerhonkson Public School on part of the site of the said school building, including the reading and improving of such site, the purchase of the original furnishings, equipment, machinery and apparatus therefor and the preliminary costs and costs incidental thereto, and to expend for said object or purpose a sum not exceeding \$350,000.

The sum is hereby voted for the foregoing object or purpose in the amount of \$350,000 to be levied and collected in installments in such years and in such amounts as may be determined by the Board of Education.

That in anticipation of the said tax, the bonds are hereby authorized to be issued in the principal amount of not exceeding \$350,000, and that a tax is hereby voted to pay the interest on the said bonds as the same shall become due and payable.

Police Have No Trace Of Bahl Auto Yet

A car reported stolen from Milton Bahl, 336 Albany avenue, in this city on April 21, is still missing, the police reported today.

Police were hampered by the fact that the registration was left in the car, and complete information as to license number, motor number, and other details was not immediately obtainable. Finally, after a check with the Motor Vehicle Bureau, which necessitated the checking of every purchase of license plates made over a period of several days, police on Wednesday learned the license number is 1C-21-07.

The car is a 1938 gray convertible DeSoto coupe. It was stolen from the parking grounds off Fair street extension between 8:40 and 10:55 p. m. on Wednesday, April 21.

Proposal Rejected

Take Success, April 29 (AP). The Arabs today rejected a French proposal for an international volunteer police force for Jerusalem.

News of Our Own Service Folks

Promoted

JAMES L. DECKER

The appointment of Staff Sergeant James L. Decker of Orlando street, veteran of World War 2, to the rank of second lieutenant, field artillery, was announced today by Colonel Frank W. Harkin, commanding officer of the 156th Field Artillery Battalion.

The newly-appointed lieutenant will be formally accepted into the battalion next Monday night, the report said.

Lt. Decker's promotion, the first non-commissioned officer to receive a commission in the newly activated 156th Field Artillery Battalion, carries out the policy established by Col. Harkin in awarding commissions to outstanding non-coms who have displayed initiative, leadership, character, and who have the technical qualifications of a field artillery man.

A veteran of the 11th Airborne Division during the recent world conflict, Lt. Decker was discharged from military service January 6, 1948, and enlisted in the local National Guard unit November 4, 1947, as staff sergeant.

Lt. Decker enrolled in the officers and non-commissioned officers school of the 156th where he distinguished himself as a student of field artillery. It is reported. He assisted in the re-activation of Battery A, 156th, in November, 1947.

He is married and resides on Orlando street.

Vessels Reach Norway

Bergen, Norway, April 28 (AP)—A U. S. Navy task force headed by the carrier Valley Forge reached Bergen today on a goodwill visit to Norway. Gangs of the fortress Bergenhus returned the ship's salutes. Norwegian military and civilian officials met the ships' officers. The American sailors and marines started a snowball fight on the pier.

LADY'S ARM WAS BENT UP DOUBLE LIKE A JACK-KNIFE

One lady recently stated that her arm used to become doubled up like a jack-knife. She couldn't move her arm up or down because her muscles were stiff with rheumatic pains and the joints of her elbow and shoulder were swollen. She said she was ashamed to leave her house because people would stare at her. Finally she got TRU-AID and says she now can raise her arm above her head and the swelling left her elbow and shoulder. The awful pain and stiffness is gone. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

Pay Talks Resume In Auto Industry

Threat of Strike Increases for 75,000 Chrysler Plant Workers

Detroit, April 29 (AP)—Union and management went to the bargaining table again today in an effort to avert the increasing threat of a strike among 75,000 Chrysler Corp. workers.

The C.I.O. United Auto Workers will set the date for a strike Friday at an emergency session of the union's top policy committee. With that announcement, the U.A.W. coupled a statement that a strike "will be called on the date set unless an agreement is reached by that time."

If a strike is called it will affect 13 Chrysler plants.

The union demands a flat 30-cent hourly wage increase and other "fringe" concessions, but the company has withdrawn its only offer of six cents an hour.

Necessary votes have been only and notices filed so that only the top policy committee's word is needed to send the workers on a walkout.

Norman Matthews, U.A.W. Chrysler director, refused to comment on any present progress in the wage talks. The union has placed the calling of a strike in its hands and its policy committee is expected to take Matthews' word on any strike date.

As threat of a major walkout mounted, steel shortages took a deeper cut in auto production. Both Chrysler and the Briggs Manufacturing Co. reported proposed partial shutdowns which they said were necessitated by a lack of steel.

Briggs announced its body assembly line at the Mack avenue plant would be in only partial operation by tonight. Chrysler planned to lay off 2,500 of its 7,000 Plymouth assembly plant employees for a week starting Monday.

General Motors Corp. currently is in the midst of a progressive layoff begun last Friday and affecting some 200,000 workers. That shutdown too was blamed on the steel shortage.

Meanwhile Kaiser-Frazer Corp. announced it would put a six-day work schedule into effect May 1 in order to step up production.

Ambulance Drivers Free 'Frozen' Cowboy

New York, April 29 (AP)—Two star-waited ambulance drivers accomplished what brawny policemen couldn't last night—the rescue of a 13-year-old boy trapped for three hours at the bottom of a narrow cave in Central Park.

The boy, Morris Deschene, lowered himself into the 20-foot deep cavern during a cowboy and Indian chase. Finding no Indians, Morris wanted to get out but found he had become wedged in a crevice.

The narrow entrance stymied the broad-shouldered members of a police rescue squad. So the ambulance drivers volunteered, were lowered into the cave and freed Morris. He was taken to a hospital for observation.

Rifton Boy Falls Into Pit at Station

A two-year-old Rifton boy was taken to the Benedictine Hospital about 3:50 p. m. Wednesday after he had tumbled into the pit at Tom Whalen's Service Station, Broadway at East Chester street, the police reported.

The boy, Roy Lampinen, was held at the hospital for observation for several hours, and was sent home Wednesday night in "apparently good" condition, hospital authorities said. He was treated for bruises about the forehead and cheek.

Patrolmen Grover Hoffay and Earl Schoonmaker investigated the accident, and reported the boy was with his uncle, Neil Suominen of Brooklyn, and apparently let go of the uncle's hand and fell into the pit. Thomas T. Whalen, proprietor of the gasoline service station, was in the pit at the time, working on Suominen's car, police said.

Arab Legionnaires Train in Military Science

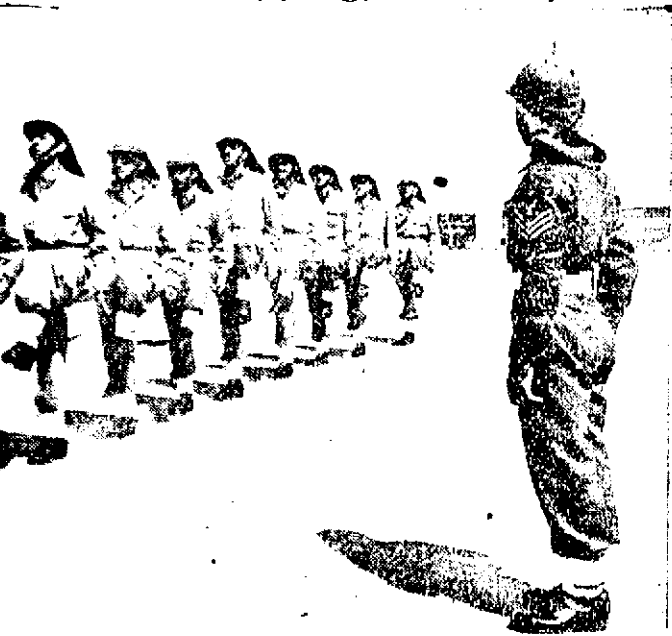

Scientific warfare is taught to the officers of King Abdullah's powerful Arab Legion. Officers Face Check Under Revamping Of Army Pensions

Washington, April 29 (AP)—Some 10,000 retired army and navy officers face new physical checkups under a Congressional plan to revamp military pensions systems.

A House Armed Services Subcommittee recommended this move today as the first step toward "correcting" the armed forces' retirement programs.

The group, headed by Rep. Elston (R.-Ohio) began its study last December after a Senate committee's investigation of Maj. Gen. Bennett E. Meyers, former air force purchasing officer.

Meyers, who had been retired with a \$350 a month disability pension, later was convicted of persuading a business associate to lie to the Senate committee about their wartime business deals. He was sentenced to a 20 months' to five years' prison term.

The Elston report said: "Public criticism of physical retirement has become so intense that a serious reflection has been cast upon the integrity of the military services. We consider it imperative that affirmative action be taken."

"There appears to be only one possible course, and that is a re-examination of those who have been physically retired."

The committee said that of about 35,000 officers retired for disabilities between January 1, 1940, and January 1, 1945, approximately 25,000 obviously were physically disabled.

For the remaining 10,000 the committee recommended new checkups. If these show their health has improved since being retired, the officers either should return to active duty or be dropped from the pension rolls, the report said.

It added that information gained from 12 public hearings and from answers to 2,741 questionnaires sent to retired officers produced "no evidence of fraud."

Colonials Vote to Increase Stock to \$10,000 for Season

Joe Hoffman Appointed Pilot For Club; Roster Due Soon

Colonial City Baseball Inc., which plans to operate semi-pro baseball at municipal stadium this summer if granted use of the field by the Common Council, last night decided to increase its common stock to \$10,000.

Shares will be sold to the general public at \$100 each.

The directors also discussed several other matters and consummated plans which are contingent upon Council approval of their request for the stadium.

The temporary officers and Board of Directors were certified as follows:

President: Addison Jones, Vice-President: Dr. Francis O'Connor.

Secretary: Charles J. Tamm, Treasurer: Robert J. Murray, Board of Directors: Matthew Herzog, Clarence Rowland, Joe Epstein, Charles J. Turck, Nick Kasich and Edmund Coughlin.

Joe Hoffman was appointed manager for 1948.

Opening date was set as Saturday, May 23 and the club expects to play a maximum of 25 games during the season.

Elston's Sport Shop was awarded the contract for 15 uniforms which are to be of major league quality, the best ever worn by a local semi-pro club. Elston's bid won over Kaye Sportswear, Frank's Sports Shop, Tommy Maines, and Potter Brothers.

Manager Joe Hoffman reported that he has been in touch with several players and expects to announce the signing of a complete roster within the next week. It is planned to carry 13 players and a regular full-time coach.

West Shore Nine To Drill Tonight

An important practice of the West Shore baseball team will be held tonight at the Athletic Field starting at 6 o'clock. All members of the club are requested to report for the drill.

The West Shore nine is a member of the City Baseball League which opens its season May 18 at the Athletic Field.

Probable Pitchers

New York, April 29 (AP)—Probable pitchers in today's major league games (won and lost records in parentheses):

National League

New York at Brooklyn—Post (1-0) vs. Hatten (0-1) or Roe (0-0).

Philadelphia at Boston—Rowe (0-1) vs. Hogue (0-1) or Beazley (0-0).

St. Louis at Cincinnati—Munger (1-0) or Pollet (0-0) vs. Rafenberger (0-0).

Pittsburgh at Chicago—Riddle (1-0) vs. Borowy (1-0).

American League

Washington at New York—Wynn (1-1) vs. Shea (0-1).

Boston at Philadelphia—Fierias (0-0) or Johnson (0-0) vs. McCahan (0-0).

Cleveland at St. Louis—Feller (2-0) vs. Fannin (1-0) or Garver (0-0).

Po'keepsie Triumphs

(By The Associated Press)

Defending champion Waterbury makes its first 1948 appearance in the Colonial Baseball League tonight. The Timers visit Stamford in the only game of the evening.

Mike Kash, a pitcher who won 20 games in the league last year, is Waterbury's new manager.

Zeke Bonura, former major league first baseman, is starting his second season at Stamford.

Poughkeepsie's Chiefs opened at home with an 8-2 victory over Bridgeport in the only game played last night.

A rookie up from Peekskill went all the way for the Chiefs, striking out six, walking five and giving up nine hits.

Poughkeepsie's clubbed Jack Estes for 14 hits and was helped along by four Bridgeport errors.

A scheduled game between Port Chester and New Brunswick at New Brunswick was postponed because the New Jersey park has not been completed.

North Atlantic Opens Saturday

Allentown, Pa., April 29 (AP)—The North Atlantic Baseball League, with one club change from last year, will open its third season Saturday.

Lansdale has replaced Kingston, N. Y., in the eight-team circuit.

The Kingston franchise was purchased and moved to Lansdale by Joe Tito, who severed the club's connections with the Brooklyn Dodgers.

Only three teams will have working agreements with major league clubs this year, compared with seven out of eight last season.

Peekskill, N. Y., will work with the St. Louis Browns, Carbondale with the Philadelphia Phillies, and Bloomingdale with the Cleveland Indians.

There will be three new managers in the loop, in addition to Larry Gilck, pilot of the Lansdale club. They are Frankie Radler, former hurler for Allentown of the Interstate League, now directing the Stroudsburg Poconos, Bill Burich at Nazareth, and Bill Sabatini at Nyack, N. Y.

Holdover managers are Al Gardella at Peekskill, Buck Etchison at Mahanoy City, Dan Carneveilla at Carbondale and Steve Kuk at Bloomingdale.

The opening day schedule: Mahanoy City at Lansdale, Carbondale at Stroudsburg, Bloomingdale at Peekskill, Nyack at Nazareth.

Braves Leave Cellar Gloom After Disastrous Getaway

By JACK HAND (Associated Press Sports Writer)

Things are looking up for Billy Southworth and his Boston Braves after a week of disaster. Excellent pitching jobs by Warren Spahn, Red Barrett and Bill Voiselle have lifted the would-be contenders from the cellar gloom.

Spahn's first win of the season yesterday marked the return to normalcy of Manager Southworth's gang. For Spahn and Johnny Sain, as 20-game winners last year, were expected to lead the Braves toward the 1948 flag. Spahn missed his first time out and Sain failed twice.

It was Voiselle's three-hit shut-out of Brooklyn that yanked the Braves off the floor Monday.

Barrett followed with a six-hitter Tuesday. Then came Spahn's two-hit gem against the Phillies.

Spahn's job was a real sparkler. He faced only 28 Phillies in his 7-0 victory, walked none and fanned four.

Johnny Vander Meer made it a left-handed day in the National by stopping Chicago with six hits while his Cincinnati mates clubbed Johny Schmitz and Don Carson for four.

The Reds' southpaw reversed the trend of his first outing when he walked 12 men. Yesterday he passed only two assuring himself of win No. 1 by an 8-1 score.

The victory put the Reds in a four-way tie for second place at .500.

There was bad news for Cincy, too. Catcher Ray Mueller fractured his right ankle sliding into home. He will be out for 60 days.

Cooper, Taylor Out

The New York-at-Brooklyn game was rained out but both clubs provided disturbing news.

From the Giants came word that Catcher Walker Cooper, who has hit four homers, has a chip fracture on his left knee. He was injured April 21, but caught four of the last five games. He will be out several days.

Pitcher Harry Taylor of the Dodgers learned he may have to undergo an appendicitis operation. The hurler, who was to have faced the Giants yesterday, complained of severe stomach pains. He is being held in a hospital for further examination.

Cold weather postponed the scheduled night game between St. Louis and Pittsburgh in the National. In the American Washington at New York, Boston at Philadelphia and Cleveland at Chicago were called off because of cold, rain or wet grounds.

Detroit took the sole American League game, 9-4, over St. Louis with a 15-hit assault on four Brownie pitchers.

Citation, Coaltown Figure As Top Choices for Derby

By JOHN CHANDLER

Louisville, April 29 (AP)—A lot of things besides corks were popping in Derbys today along with the first "big push" of incoming tourists for Saturday's Kentucky Derby, but you couldn't cross the street without picking up either "Citation" or "Coaltown" on the ear drums.

These big guns of the fabulous Calumet Farm racing establishment have just about got themselves an exclusive match race in the eyes of most observers at this sprawling Derby capital. At least it won't be a walkover.

While incoming regular trains, planes and buses were supplemented by specials from all points on the compass, the major topic of conversation was which of Warren Wright's stars would cap the big money in the Derby's \$100,000 stake—not to mention a \$5,000 gold cup and the horseshoe blanket of roses that goes to the "champion."

Both Out to Win

Wright said both his Derby aces would be sent out to win.

Talking about the other probable starters in the mile and one quarter turf classic in the same breath with the Calumet colts just isn't being done.

My Request, Escadru, Billings, Grandpere? What are they herring into this deal for?

The streetcar motorman, shoe shine boy, taxicab driver, corner cop, waitress, or bellhop waste no talk on trivialities. Oh, sure, some horse has to finish third, they guess.

Few in Louisville's half million horse-minded population, expanding by hundreds of eager visitors

Video Battle May Throw Boxing Out Of Garden—Irish

New York, April 29 (AP)—Ned Irish says he will throw boxing out of Madison Square Garden if fight managers insist on a division of television receipts.

"We will put in professional basketball on Friday nights," the Garden's executive vice president declared. "We'll televise it and make more money."

The New York Boxing Managers Guild, which controls most of the name boxers in the metropolitan area, is boycotting the Twentieth Century Sporting Club in a dispute over the television rights.

The managers are asking a split of the receipts from both the Twentieth Century, which sponsors fights at the Garden and St. Nicholas Arena, and from the Garden.

Several meetings have been held between Sol Strauss, acting head of the Twentieth Century, and Guild representatives.

St. Nicholas hasn't had a fight in three weeks. The Garden is occupied by the circus.

Joe Shattan Is Selected For Champlain Varsity

Plattsburg — Joe Shattan of High Falls was named to the Champlain College varsity baseball team by Coach George Patte recently, it was announced today by the college.

Shattan, veteran of last year's squad, will be behind the plate again for the Bluejays this season. He batted .285.

Champlain College will open the season Saturday in a game against Siena at Plattsburg.

Newcomers to Drill

The Newcombe oil softball team will hold an important practice at the armory diamond tonight at 6:30, Jansen Goumas said today. All team members are requested to report.

Early Season Cuckoo Birds:

Will the baseball 'experts' kindly step forward and wipe the catnip (or ketchup) off their faces. Or is that pure, embarrassment. . . . How can you account for the Boston Braves and Brooklyn Dodgers at the getaway, the New York Giants getting inspired pitching and Joe McCarthy still looking for that pushbutton in Boston? . . . And my those amazing Browns are cutting up! . . . If the Giants continue their present pace, the Yankee and Dodger fans in town might just as well grab the first trailer and move out of town. . . . Kingston is a New York Giant stronghold and heaven help us if the Ottemen get off to a commanding lead. . . . From here it looks like Sheldon Jones and Ray Poat could be the "Lou Fette-Jim Turner" combination for 1948. . . . Remember way back when those two worthies came from out of nowhere to pitch 40 victories for a bedraggled Boston Brave outfit.

Branch Rickey and Leo Durocher are learning the hard way that this year's pennant is not won with "next year's" players. . . . What a Roman-holiday for Eddie Stanky in his first outing against the hirings of the Gasbag of the Gowanus. . . . Manager Bucky Harris finds it very profitable to turn a new Page every day. . . . Ted Williams trying to carry the Boston Red Sox on his back. . . . It isn't that wide. . . . Kingston bowlers, rooting for the Boston Red Sox, suffered a total defeat in the Stadium Saturday but came back raving about young Maury McDermott, who needs only to sharpen his control to become a big star. . . . Ditto Curt Simmons, the Philadelphia Phenom, who is stymied by the bonus rule. . . . He'll have to pick up control in actual competition. . . . Have you noticed that the customers aren't breaking down the doors at Ebbets Field.

Flotam and Jetsam:

Al Cirillo reports on the enormous "fold act" of the American Bowling and Billiard Corp. keepers of New York. . . . One of the nation's strongest tenpin squads, the A.B.B. blew two "6-pins" and had a gutter ball in the 10th frame with the lead in their hands. . . . Frank Ball is opening his driving range and golf school at 9W just beyond the city limits. . . . Frank is available for instructions at all time. . . . OLD ZEKE says spinners are usually fished across and downstream. . . . They will catch fish many times when the lures fail. . . . But until the water warms and comes down you had best stick to your worms and minnows. . . . Rod Sagendorf, in his new role of cleanup batter for Hartwick College, celebrated with a single and triple against Oswego State Teachers. . . . Sagendorf was a .307 performer in 1947 and is headed for a heftier average. . . .

Of Men and Mice:

Among the more important items passed at the recent American Bowling Congress convention were: a new method of deciding tie games. . . . Hereafter tie games will be decided in the first frame of the next game, unless the tie exists in the third game when the present rule prevails. . . . The electric eye foul device was approved. . . .

Junior League Picked
Sixteen members of the Junior League under the leadership of Mrs. Robert Herzog worked on the Cancer Drive Tag Day in Kingston, turning in the treasurer \$269.50. The thanks of the Ulster Cancer Drive Committee goes to these untiring workers.
Mrs. August Beitz of Bloomington, who gave the goat that Mr. Jay W. Ribenbary, chairman of last year's drive, had so much fun with, attended the meeting and offered another goat to help this drive. Permission has been granted by Sheriff George Smith, to use the court house lawn to display the good qualities of this goat, and to place a table at which volunteers will accept contributions toward the drive. Contributors at this special court house table will automatically receive a chance to win the goat by giving their names and addresses to the workers at the time they make their contribution. The committee is seeking a place near the court house where the goat could be kept when it is not entertaining the public.
Asks Town Tag Days
Mrs. Gertrude Davenport, chairman of the town of Marlborough, told of the enthusiasm of the tag day activities in that town and turned in \$161.61 as a result of those activities. She suggested that it was a good way for other towns to create interest in the drive and get results.
The town of Rosendale represented by Mrs. Golden Lewis reported that \$800 had been collected to date. Chairman Carey reminded her of the good job the committee in Rosendale did last year, raising over \$700. She said the town committee was slow in getting started this year.

Napanoch Institution for Male Delinquents.
Mayor Newkirk pointed out in making Every's appointment that the 33-year-old Kingstonian has resided in the city all his life and is familiar with all of the details a police commissioner should be in holding his job. He knows every member of the local force personally.
Before World War 2, Mr. Every was employed by the Binnewater Lake Ice Company for 11 years. Upon discharge from the army he accepted the position as guard at Napanoch, but resigned to return to the ice business. He is a member of A. H. Wickes (Ice) Company and attends Clinton Avenue Methodist Church.
After graduation from Public School No. 6, he went to Kingston High School where he was a varsity athlete, playing basketball and football. Continuing his interest in sports, he played in the semi-professional ranks with the Kendall Oil basketball team and the Kingston Yellow Jacket football team. Prior to the war, he did a lot of bowling.
Commissioner Every is married to the former Mildred Schling and has a daughter, Christina, 17 months old. His parents are Mr. and Mrs. Robert B. Every of 147 O'Neil street.

military background to carry on the work.
In recommending Steuding, he took into consideration his record as commander of the Kingston Legion, and his association with military life running back to 1926 when he was a lieutenant in the 5th Field Artillery while still a high school student.
Holding the rank of captain, Steuding left Kingston with the 156th for World War 2 service, was transferred to the 165th Field Artillery and became operations officer. He was detailed to evacuate Japanese from the state of Oregon, and after completing that important task went to Fort Lewis as operations officer.
Upon completion of a course at Fort Leavenworth in the school for commanding general staff officers he was made a lieutenant colonel and went overseas as commander of the 762nd Field Artillery Battalion in its campaigns with the First and Third Armies in Europe.
Commissioner Steuding, who is employed by the City of Kingston as superintendent of the Board of Public Works, said he realized the exacting requirements of the new post but intended to carry on the job in the same manner as his predecessor had in the interest of veterans who went to the defense of their country in both world wars.

Jews and 26 Arabs killed and 94 wounded.
Fifteen Jews and two Arabs were reported slain in various Palestine clashes since last night. Nearly 3,500 persons, by unofficial count, have died by violence in the Holy Land in the last five months.
The British Army said it used tanks yesterday in Jaffa after a heavy mortar attack on the Arab city by the Jewish Irgun Zvai Leumi.
The army said tanks, infantry and gun carriers were deployed in the area of the Jaffa Railway workshops and law courts while Spitfires with cannon attacked a building used by Irgun forces in nearby Bal Yam. An army source said Irgun was forced back in Jaffa and British troops still were in position today in the area into which they moved.
Nevertheless, the Jews, striking from all-Jewish Tel Aviv, showed determination to go ahead with their attack upon Jaffa, a predominantly Arab city.
Persons fleeing the troubled Holy Land are streaming southward across the Egyptian border while soldiers, guns and vehicles move northward toward the frontier.
Foreign correspondents noted evidence of both movements on an automobile trip yesterday into Jerusalem from Cairo. Before they left, they got unconfirmed reports that half or more of the Egyptian army had been or would be gathered just below Palestine.
An Amman, Trans-Jordan, Regent Abdul Ilah of Iraq told a reporter last night all Arab countries are "agreed to rescue Palestine" and their regular armies will act soon. Trans-Jordan's foreign minister said the armies will take action long before May 15 — the day the British give up their Holy Land mandate. The two men met with Trans-Jordan's King Abdullah, the secretary general of the Arab League and others.

which he was advanced to the rank of captain in the infantry. Mr. Harcourt returned to law school and was graduated in June, 1920. In the subsequent years he practiced at Poughkeepsie and in Dutchess county. Prior to his appointment as an assistant attorney general, he held office as village attorney for Wappingers Falls and city judge of Poughkeepsie.
He is married to the former Catherine B. Fleming and has two daughters, Marion and Sally. Long active in civic and community affairs, he was grand master of the Odd Fellows of New York state for two years and is also a member of the Masons, Knights of Pythias, the Grange and the American Legion.
Assistant Attorney General Saccoman was born February 23, 1915 at East Kingston, Ulster county. He studied law at Fordham University Law School from 1938 to 1940 but left school in March, 1941 to enter the Army of the United States. He served four years and eight months, in this country and overseas, receiving an honorable discharge in November, 1945 with the rank of staff sergeant.
Resuming his studies at St. John's Law School, Brooklyn, he was graduated in October, 1946, and immediately entered the law office of Cushman & Ewig, at Kingston, where he had been engaged until his present appointment.
Unmarried, Saccoman has been making his home with a brother, Anthony Saccoman, at 66 Roosevelt avenue, Kingston. He is a member of the Veterans of Foreign Wars and the American Legion.

Lifetime Winter Comfort

HUNTER
ALL-ALUMINUM STORM SASH AND SCREEN
Lifetime Comfort
Hunter All-weather windows keep you snug as a bug in a rug despite the cold outside.
Weather and Insect-Proof
Weather-sealed storm windows bar gale-force winds. No drafts, no seeping dust or dirt. Interlocking screens for summer bar tiniest insects.
Perfect Ventilation
Only Hunter All-weather storm windows permit complete adjustable ventilation in every instance, including casement installations.
No Fitting—No Repairs
Hunter Windows are rugged, ALL aluminum. Can't rust, crack or warp. Permanently installed. No seasonal painting and other repairs.
and Save 1/3 on Fuel Bills
SAY good-bye to chilly drafts and taking down old-fashioned, unsightly storm windows.
Install Hunter all-aluminum, all-weather storm sash and screen. Beautiful, weather-tight, insect-proof. Permanently attached, yet glass storm-sash and screens all instantly removable, or adjustable for ventilation.
Fit any windows, including casement.
Save one-third on fuel bills. Let us give you an estimate. No obligation. Phone today.
